

The Chimera Dream 4-29-22 @ 6:34AM With Confirmation

The man who had spoken prior calls out, “Prince Beelzebub, we welcome you.” “My children, I bring orders from the High command from Lucifer, the high prince of all.” The chanting stops immediately when the demon begins speaking. The people are standing in what looks like reverence to this prince demon Beelzebub. “My Lord prince Beelzebub, we are awaiting your orders.”

“You are to poison the feed, the grain, and the grass feed. You are to taint the seeds before they are planted, so the animals are all infected by their various known diseases. This will go unnoticed by the public and anyone who discovers the diseases in their feed; their stock and animals, you are to silence them permanently. Then when the deaths start occurring showing a pattern when we deem it’s the proper moment in time, then they shall be allowed to test the animals.” “You are not to do this prematurely because the extermination of the animals, the cows, chicken, pigs, lambs, anything that is edible and tainted must be slaughtered at the precise moment. To your world, you are slaughtering cows with mad cow disease.

Chickens with bird flu for example, when in reality these are our animal sacrifices to our Lord Satan, to Lucifer to give more power to us to bring forth his son as your world knows as the Antichrist. It takes the blood, the animal sacrifices that you perform to increase our power and give life to our plan. Life is, after all, found in the blood of all things.” Then the demon bellows and laughs.
