

## **I'm Sending A Flood Of Fire 4-16-25 @ 6:50 AM**

“It's time, Daughter, it's time. The time of the judgment against Babylon to be fulfilled. A judgment that is just, fair, and righteous for the evilness she has wrought upon this world. Daughter, I shall refrain it no longer. As evening shades descend, she shall burn. She shall burn city by city until I destroy her fully, by war, from being a predominant nation. Her destruction is foretold in My Written Word, My Scripture of Truth, and thus it shall be. When a nation is as wicked as your's, Daughter, and calamity and judgment has been issued forth from My Throne, it is not done without warnings first. For I am a God of mercy and love to all. Even to the enemy, at times, it is given.

Judgment is sent in warnings and stages to allow those who will repent, because it is repentance of hearts and a returning to Me, their Holy God and Creator, I am seeking because sin destroys. Sin destroys the hearts of man, causing it to do wicked, evil things. Sin causes hatred for one another, causing wars, strife, murders to occur, and an inflated self-worth of pride that allows no love or compassion for your neighbor. I have been calling out to the hearts in Babylon, your America, to repent for many of your years now, as well as other nations of your world. I have put the final call out to many who have failed to repent before My gross darkness for 3 days descends. Now, I move.

Mercy's requirements have been filled. Justice now screams to be fulfilled on a godless nation and world, as all creation cries out to Me in protest of the wicked evilness that has now taken hold once again on the earth, as in the days of Noah. The fallen ones, the fallen angels who fell, have spread their poisonous evil and their twisted theology, weakening My church, My people. I have been waking many up, while others prefer to be in a state of apathy. Woe to them who refuse to heed and obey the instructions of My Holy Word and Spirit. For calamity has come with destruction and chaos that shall usher in the 3 Days of Darkness. For this is what shall occur when the nuclear devices hidden inside the suitcases in Babylon, in America, will cause.

Horror, shock, disbelief, panic, chaos, fear, and so much more for your world's people and its inhabitants. This time is now. I shall rock New York's Manhattan and Syracuse first, Daughter, bringing down your nation's financial infrastructure. You would think with all the warnings I've given, your nation's government would have prepared to protect their nation's finances better because your CIA, your nation's FBI, NSA, and those such like agencies of every nation across your world keep a record of every published or public prophetic word and dream that comes forth, whether false or true, to help in their preparedness; to know who are Mine or not. So, they have all the warnings and information needed, Daughter, to be prepared in advance. But they have not, because it's by your own government they shall detonate.

The governments of your world will go into immediate action amidst the chaos, fear, and panic that will arise in the people of the world who are not Mine. Even some of My own will give into fear, because their roots are not grounded deep in Me. They will welcome the sight of the military's presence, thinking they are there to help, giving them a sense of false security and order in a now chaotic world of destruction, when the only real peace can be found in Me, through My Son Jesus, Jesus Christ. A bleak picture for your world, but one I have warned of for many of your years.

Sin's stink has reached high into My Heaven. The abominable acts by men and women of your world are filthy and lewd as they allow themselves to be controlled and manipulated by the kingdom of darkness. As in the Days of Noah, this world has reached in its heights of sin. As in the days of Noah, when I brought forth the waters of deep and sent forth the rain from heaven, it did not flood all at once, but the waters started first, then as it continued it soon flooded the whole earth. Remembering My promise to Noah and mankind, I shall never flood completely the earth with water. This time it's by purging fire. Fire, both man made and by My hands, have already begun the flood of fire coming to the earth for man's sins. Just like the waters increased in the flood of water, so shall this flood of fire increase, too.

I begin this increase now with the 10 hidden nuclear suitcases with the rogue devices, which now shall be the trigger that releases all your world to utilize in war the power of the nuclei when fighting their battles and wars against each other. Since I, in My mercy, have moved for Ukraine's nuclear attack from the hands of the cruel Putin, to the fourth position of My Suddenlies, the four chain link suddenlies I have spoken and warned your world about.

It's time, Daughter, it's time for Me to increase My flood of fire. I'm sending a flood of fire and not water this time. Prepare your hearts in Me through My Son, children, for I have already given Him the command to collect His Bride. All of Heaven is prepared. He awaits simply now for this moment in time in your world to arrive. Daughter, it's just moments away in your time. But first, the detonation of the 10 hidden suitcases, followed by My 3 Days of Darkness that shall each come suddenly, and it's interconnected with barely any time to breathe in between, as your world's people say so often when things happen swiftly upon it. Daughter, it's time to prepare our children to come home, so the rest of My Written Word can be fulfilled.

This, Daughter, is where you are at for your world's people. Although you did not ask it out loud, it was in your heart, yet you determined not to ask because you were waiting on Me, Believing if you needed to know and if My children needed to know, then I would speak to you about it in My time. This was wisdom in you. Daughter. I have spoken to you this morning out of love. You have learned to wait on Me. This is good, for I will not fail you ever, and while you wait I will renew strength every time, if you will let Me." "I will, Father God, if You will help me. Help me not to always be in a rush as I try to do the work needed for Your Ministry, as well as the work needed to maintain everyday life. I ask this in Your Son's Name, Jesus Christ, whom I love with all my heart. And You, too, Father God." "What does My Word say, Daughter? Does it not say ask and you will receive?" "It does, Father, it does." "Granted, Daughter. Your request is granted. Go now, Daughter, deliver this word in My Name, the I AM THAT I AM, for these things have been readied for the earth and awaiting a single command to begin. I utter this command now, and as it currently stands in Truth, these things shall go forth unhindered." "I will, Father God, in Your Name, with Jesus Christ's help, I pray and ask." "Done, Daughter. His help is given."
