

False Prophets I'm Passing Over This Passover 4-11-25 @ 12:59 PM

"I'm here, Lord, I'm here. Lord, I love You; I yield to You, Lord. I yield to You, Lord."

"Daughter, Daughter, I say to you this day, what better way to prove the false, false, than to let Passover, the man-dated, man-made Passover, pass? And I am referring to the changes in the calendar, and by the order of the Sanhedrin, and all the interferences. So I will not be granting mercy in this. I am showing the false prophets I do not move by their commands, nor do they command the 3 Days of Darkness."

"The Passover was mandated by Me for My children to remember what I did. How I spared them from the Death Angel coming over and slaying all of Egypt's firstborn and their beasts. If My children would truly seek these things out, study them, study the history of the calendars, the changes, even the changes in the Jewish calendar, the Hebrew calendar, they would understand why I say Passover is of Me, but this date is not. But because this is the date that the world beholds and has set and declared it to be, I say I will pass over it and send My Darkness after it."

"Many do not even take time to even study. When I had the Last Supper, as you call it, the Passover meal with My Disciples, what we partook...the wine, the bread...that represented Me. Represented My broken body. That represented that I would be the Passover. "

"It's within the Quarter, Daughter. It's the Quarter. It's within the Quarter. It's within the Quarter, Daughter (He was referring back to the "Heads Up Dream"4-5-25)."

"I have told you before, Daughter, to look to the use of the Julian Calendar and the Hebrew. Not the Jewish, the Hebrew calendar of old. Still, none of them are fully accurate. I have told you this, Daughter. I have told you this, and you have seen. And you have been questioning Me about the changing of the seasons. I told you they would no longer be recognizable. They'll claim it's the earth's rotation. The earth is firm and established. It only moves when I shake it, for I say it's set upon pillars that's held... that I hold in My hands. You were praying and asking Me why, why is it when you were in Tennessee, that the winter stayed longer and came later. Changes in the calendar, Daughter, not the rotation of the earth. It's all lies. It's all lies. It's all lies. You take and you add a Leap Year, you take and you add Leap Days, you take and you add when I created it perfect."

"The Sun, the Moon, the stars are for signs and times. Study it out. Did not the year start at the Spring Equinox when new birth begins? Yes, as I had created it. Who starts a new beginning when death is predominant? Like winter, when everything has died down, waiting for new birth? This is evil. When I created the earth I did not create it in the middle of winter. Winter came later after Adam and Eve fell, although I had already created seasons. And I had already created the going forth of the Sun and the Moon for such a time as when they would fall. I, God, have created all these things, because I knew My children would fall. I knew it, Daughter. I knew it. So I prepared for it in advance with those that left serving Me and serving the fallen ones, that's when these things started changing."

“When Moses was given the Commandments for My children of Israel, My wayward children, for that’s what many of them were, these were established to keep a covenant with Me, including feasts and feast days. Some, on the New Moon, some on certain days, as you know, Daughter. You were speaking to Me about Purim being on set days. The day you were questioning Me and talking to Me about, I divorced Israel.” (And this is quoting Vicki) “And all the time it said of Me you hated, you were telling Me you hated their feast days and their laughter.” “And in a divorce, things are divided up. Yes, Daughter, this is why some of the calendar days were allowed (referring to the changes). I know it’s been hard on you, Daughter, but I never promised it would be easy.”

When you go by the Julian calendar, Daughter, Purim arrived on the 27th/28th of your Gregorian calendar (March). That is closer to the truth than the 13th, 14th, and 15th of your calendar in the month of March.” “Father God, when You say that the true time of Purim is closer to the 27th and 28th of March in my Gregorian calendar, is that because we have the day that Job cursed his day?” “In part, Daughter.” “What about Jeremiah? They cursed their days of birth. Is Jeremiah’s counted also?” “It is, Daughter.” “And this means 2 days have to be added? So, are we looking at anyone else cursing their days of birth?” “Not like them. They’re holy men of God.”

Changes in the Bible we have to factor in/taken into account in the calendars:

The Sun and Moon stood still: Joshua 10:12-14

The Sun goes back 10 degrees with Hezekiah: Isaiah 38:8

Verses:

Job 3:1-10, Jeremiah 20:14-15, Genesis 1:1-2: 14-16, Hosea 2:11, Jeremiah 3:9, Exodus chapters 11-15 (whole chapters), Matthew 26:17-30, Luke 22:7-38, 1 Corinthians 5:7-8, Ezekiel 32:7-8, Amos 5:8, Ecclesiastes 1:5, Psalms 24:1-3; 75:3; 93:1; 104:5, 1 Samuel 2:8, Isaiah 45:18
