

The Cruelty of antichrist & his Guillotines 11-27-25 @1:47 AM & 2:52 AM Shared 11-30-25

"Jesus Christ my love, You gave me another dream, for this one also discerns as from You. Another of Your children I spoke to of this dream also tried, prayed, and tested it and it comes from You they received. This is the second time I have dreamed this dream. Both nights it was the same dream, so it is established to be, according to Your Holy Word found in 2 Corinthians 13:1 and Genesis 41:32. Please Holy Ghost Spirit, don't let me write one word that's not from Father God, Jesus Christ, or You in His Name I pray and ask." "I won't, daughter of Zion, I won't."

I found myself in what looked like a long, deserted, abandoned warehouse, or at least it had the appearance of it. Except for an area or place that's been abandoned over time is usually covered in layers of dust, but not everything I could see was. I saw there are large, bulky items & machines covered with vinyl-type black coverings that do have quite a lot of undisturbed dust on them as if the place had been abandoned for years. But the way the fading sunlight was shining through the dirty windows and struck the smooth grey painted concrete floor, it showed there was an absence of dust on it. My immediate thoughts were, someone has been in here and to keep from anyone seeing any footprints, they had swept the floor. Because as much dust that's covering the black vinyl covers, there would have to be dust on the floor too. When dust falls and settles it's not selective. It falls everywhere and on all surfaces. I've begun to pray in my lovely Jesus Christ's Name. I still have not moved from my original position, and now I'm praying and asking how does my lovely Jesus Christ want me to proceed? I heard a firm, comforting voice say to me in my mind, my mind's eye, "Daughter, go forward until you come to the rows of metal shelves. Go to the third row on the left and walk all the way to the wall. When facing the wall, you will see on your left what looks like a boxed, commercial sized, side by side freezer. Push the box straight backwards in its slot inside the shelf. It will move backwards to reveal a door. This is where you need to go. There will be an electronic lock, the code to get in is 733. What you have been brought here to see, My Witness, My daughter is below. The others have already arrived so all the needed lighting has already been voice activated," He finished saying.

"The others Jesus Christ, who are the others?" I asked, having a good idea with this much effort placed into hiding the entrance. It's one of the upper elite's locations and/or possibly even belongs to the man of sin, ole antichrist himself. "The enemy daughter," my lovely Jesus Christ responded softly as He continued, "but you need not fear them daughter. For I am with You always." "Okay, my Love," I replied. I looked around cautiously just to make sure there wasn't any of the enemy suddenly appearing out of another secret passage, possibly another door I hadn't seen yet, but I appeared to be alone at this moment in time, at least in the physical realm. I begin walking to the back of the large building. I finally came to the rows of heavy metal shelves. There were two rows of them that covered a vast area of the building. There was an aisle way in between them that was wide enough for 2 or 3 midsize vehicles to pass by each other easily. As I came to the rows of shelves I began counting the ones on my left. I noticed the shelves looked like industrial strength shelves that were adjustable. The shelves were at various heights depending on what was needed to be stored in them it appeared to be. I began counting the rows on my left until I got to number three. I turned down the aisle way which was also very

wide and walked to the end near the wall. Just as Jesus Christ, my Lord had described, there was a huge appliance size box, large enough to hold an upright side by side freezer.

"Ah," I said, "just like my lovely Jesus Christ had said." I leaned over and examined the box. It still contains the staples and tape holding it together. I looked down at the concrete gray floor and saw no traces of heavy dust. I hesitated for only a moment and then placed both my hands on the front of the box and pushed straight backwards. It moved! I pushed it further out into the other side of the row. There before me in the floor was a metal door with a digital pin pad for a lock. "My my," I said, "do the enemy not realize yet, that Father God and Jesus Christ sees all, and knows all and that nothing can be hidden from Them? You would think so, as long as they've been contained here on the earth, inside our created firmament!" As I bent down and reached for the lock, I asked my lovely Jesus Christ to keep me hidden under His barrier of stealth and invisibility, meaning hidden under His wings so that none of the enemy's technology, such as biometrics and such like would reveal that I have been there. I also prayed and asked that all my DNA be removed by Him in His great Name. I quickly punched in the numbers 733 into the digital lock pad, and stepped back from the metal door in the floor. I heard a slight humming noise, accompanied by a clicking noise, and then the smooth door popped up. It was now where I could place my fingers beneath the door's edge and open it, which I did so quickly. Immediately, I saw, the area was lit up to reveal stairs going downward. "Here we go again," I said and began descending the steps when the scene changed.

The room I have found myself in, is well lit, but it's heavily laden with the feel of evil in the air. A momentary shiver ran up my back, and I knew the enemy was somewhere near inside this room. I looked around and to my surprise once again I saw guillotines. Lots and lots of guillotines, but these are different from the ones I've seen before. These I recognize are all hand operated guillotines. I let out a small gasp of surprise when I saw how many they were in this room. None of them were covered and look like trophies on display here. Suddenly I heard the voices of several people as if they were in the discussion from an area further into the room I could tell. "Holy Ghost Spirit, am I to go toward the voices? Is this part of what I'm here to witness?" "Yes daughter of Zion, you are here to obtain the information that's found in this room. I will lead you on what all you need to do, so please be obedient to My every word." "I will, my Friend, with Jesus Christ's help. What do You need me to do first?" "You need to go forward, so you can overhear the conversation, but keep yourself hidden behind some of the guillotines daughter of Zion," He replied. "Okay I will," I said quickly as I began inching my way stealthily forward. Within a few moments I was close enough to begin understanding the voices. I couldn't keep my heart from sinking for a moment when I recognized one of the voices belonging to emmanuel macron, the man of sin, the antichrist. It wasn't out of fear, it's just he's one of my least favorite persons to have to be in the same room with. Just saying.... "All right," I said, "let's get this done Holy Spirit. The Word of God says, in Philippians 4:13, "I can do all things through Christ who strengthens me, so I will accomplish all I've been called to do this day in Jesus Christ Name," I said.

I inched my way forward to the voices, and hid myself behind a grouping of three guillotines. I peered cautiously out from the right side and was able to see who was in the room with antichrist. I recognize one as the prince of Saudi Arabia, but I don't recall his name right now. He was wearing a bedouin headdress like I've seen him wear so often. There's another man with him

dressed much the same. This man I don't recognize. I saw Barack Obama, Hillary Clinton and some others that I couldn't tell who they were, because they're not facing me, but had their backs towards me. Barack Obama was speaking. "We have three other warehouses filled to capacity of the manual guillotines. None of us were suspecting that the God of Heaven would move against us so much for His end time days. In the darkness alone, after it lifts, and we begin powering the power grids of the nations back on at their specific times, we will still be handicapped without the power to run some of the other pre-made guillotines. Per your orders chosen one, we have manufactured the manual guillotines to ensure as soon as the Nazarene's children are gone, we can begin beheading those we know who oppose our unified world order under your leadership and rule.

I saw a look of satisfaction appear on antichrist's face as he said, "Good, but first we will use them on those who failed me in their missions to gather information about the 3 days of darkness, and instead supplied me with faulty information. If they had done their job correctly as they were supposed to do as supposedly experts in each of their fields, and the information had been accurate, then this would have given us the upper hand against the God of Heaven. This failure will not be tolerated, and I will make an example out of those I had hired, and acquired that professor their loyalty to our dark kingdom and utterly failed against the Nazarene's children. With the Nazarene giving the command and decreed from Heaven that our witchcraft operators of the flesh will perish inside the three days of darkness, this will reduce the numbers we will have to kill manually. In addition my forerunner," he said to Obama, "I want you to have ordered and prepared, for this time double bladed axes, so when there is an area that's difficult for us to get to, we can take the axes' and do the job ourselves. I not only want them to be beheaded, I want first their arms and legs chopped off by the guillotine. It won't hurt to have their blood splatter on us by any of these weapons. No one, no one fails me without paying the penalty of death. If those we gather up have any family, they will make it a family affair. We will begin with the youngest to the oldest until we remove their whole bloodline. We know ourselves that many of the young dedicated to our kingdom, even of human flesh who once they became of age to make conscious decisions to be part of our kingdom, were not found innocent when the Nazarene returned, are still here. Even at the tender age of 6 where many are already being prepped and prepared to work by choice in the dark arts of our kingdom. Also, the full blooded nephilim children, who don't know who they really are, which is the seed of our dark lords' weren't removed as the innocent children were, so we might be able to have a little foreplay before we take their heads off," he said, then he laughed a horrible laugh with the others joining in with him. I thought I would throw up until I heard sweet Holy Ghost Spirit say firmly, "Steady in your King Daughter of Zion, you know worse things than this the man of sin has planned, and has done already." "You're right," I replied back to Him just as antichrist began speaking again.

"This will be the start of my bloody reign which many will not know of this part until I am firmly established as ruler over our new world, or they cross me, and I have them brought to one of the many dungeons or experimental stations we have created already." Hillary Clinton spoke up and said, "Chosen one, aren't the majority of those locations still underground and under the water? What about the decree issued by the Nazarene from Heaven's Court in which our dark lords' kingdom has been ordered out of these locations, except for those assigned as necessary. Already the reports are coming in from the marine kingdom that the Holy Angels have come down and are in the process of removing them. This is even before we've endured the 3 days of

darkness." I watched as Obama and the others looked toward antichrist, I knew, to see what his response would be. Antichrist's brows furrowed together for a moment until he finally said, "Our dark lords have been in possession of the world beneath, the underworld of both land and seas from almost the beginning. Do you really believe that the God of Heaven is going to follow through on such an order?" The room was quiet for a moment, until another man spoke up that still cannot identify. He has a heavy accented foreign voice when he speaks in English. "Is this not the same belief our dark lords had concerning the God of Heaven's decree to flood the Earth and to destroy their offspring born of them and women of the earth? Did not the God of Heaven follow through and send a great flood in those days. These are things that even the dark lords speak of at times. What has changed, when the Scripture of Truth says the God of Heaven does not change?"

The room went quiet again and this time the silence was deadly as antichrist's face took on a look of rage. Then he said in a lethal sounding voice, "The God of Heaven and His filthy Nazarene Son would be wise not to do so. If this is in fact an unchangeable, decree, then I will make the Nazarene's children who were foolish enough to partake in our kingdom's sinful pleasures, instead of being true to Him, which resulted in them being left behind, I shall torture them in every way known to the kingdom of darkness. I have been taught since a young boy every method of torture known to man, nephilim and the dark lords themselves. This is not an idle threat, but a promise I will follow through on," he said through clenched teeth. I could tell the man of sin was greatly enraged by the prospect of the God of Heaven, Father God following through on His Word spoken through His Son Jesus Christ. As I stood there listening, I realized it's true what's said about, if you tell a lie long enough, you will begin believing it yourself. This appears to be what's happening in the kingdom of darkness, and with lucifer...lu lu being the father of lies this probability is very high by many things they try to do. Because God cannot lie & my lovely Jesus Christ cannot lie.

This removal from the underworld of land and sea was decreed as an unchangeable word, which means there will be no new truth created like Father God or Jesus Christ will do at times when a word is given, or a judgment is changed for a later date. Such examples would be Jonah chapter 3 when Jonah delivered to Nineveh the judgment from Father God that they're going to be destroyed within 40 days. This was the truth. This was God's word spoken to Jonah that he shared. But when the people repented, God's heart was moved with compassion and He created a new truth out of His great mercy. The new truth was to the Ninevites, "You shall live!" The old truth being the destruction of Nineveh, was still the truth at that moment in time spoken, and according to history did come forth several hundred years later when Nineveh was destroyed. Another example is in the book of Amos chapter 7. In this chapter God speaks to Amos and tells him He's bringing a judgment against the people of grasshoppers. This was the truth God showed Amos in a vision, but when Amos petitioned for his people, it says God repented. This means God had a change of heart, not a change of mind. The judgment was still coming, but in a different way. So He created a new truth in which He was going to send a judgment of fire and it would devour the land. Again, Amos petitioned the Lord God, and again He changed the way judgment was coming, creating a new truth, even though the fire judgment was the truth at the time He spoke to Amos.

I see so many more examples in the Word of God that even when things change with God the Father and His Son Jesus Christ, it is not a lie. They are incapable of lying, because They are holy and righteous. So what makes the man a sin, the devil.. lulu or others in the kingdom of darkness thinks They're going to change Their holy ways now when God and Jesus Christ are forever the same?" These were the thoughts running through my head as I pondered how deceived antichrist, himself had become in serving the dark lords. I heard sweet Holy Ghost Spirit say, "Daughter of Zion, please pay attention, there's only a little more for you to observe and hear." "Oh, yes, I'm sorry," I said quickly to Him. He replied, "Your thoughts were not wrong, but it is desired by the God of Heaven for you to observe and hear the rest." "Okay," I said and focused my attention on the group before me. This time again, Hillary Clinton was speaking. "Regardless of whether the God of Heaven or the Nazarene's decree is unchangeable or not, we can't take the chance. We have to begin moving operations above ground as quickly as we can. There has been no new truthful information coming forth about the 3 days of darkness' timing. All that's coming out is basically the same information, even though we have those of our own prophets speaking and prophesying to try to manipulate the true prophets of God to unknowingly share more freely about what they know. Our attempts have failed. With all that's at stake for our kingdom, we must focus on the move. We must also increase the production of both types of guillotines, so we can remove our enemies quickly out of the way. It's in the beginning after the darkness lifts, and so many people will have went missing that we have the cover story that will allow these mass numbers to be killed unhindered and undiscovered."

Her rational words, even on such a horrendous subject as this, seem to have a calming effect on the man of sin and all in the room. She had just presented them with legitimate reasons to proceed as a precaution. I watched as macron hesitated for only a moment, then replied, "Hillary, you're not known as death's friend without good reasons in our kingdom. He then began barking out orders. "Triple the amount of guillotines ordered and have them ready ASAP. I want at least 13,000 double sided axes to be ready. I want them handmade. Contact the metal forgers underground and tell them to prepare to make this order and to expect more to come. I want 5,000 of them to be created in extra large sizes, so that the nephilim Giant children can partake in this pleasure. Whereas it may take one or two strikes by a hybrid or a man, with a nephilim, or one of our robot soldiers with the spirit children of the dark lords inside of them, they should be able to take off a head, an arm, or even a leg with one swing should they decide not to play with their prisoners first. Unless of course, they would prefer to eat them. Either way, it will still cause fear among all who knows what has happened, and those who dared to have thoughts to betray me, will soon forget they have ever entered their minds." As I continue to listen to them make their evil plan, I find myself beginning to wake up out of this dream. All I could say was, "Jesus Christ, please show Your mercy upon Your children who will be left behind in the end time days, and let them have a swift death, should they not endure until the very end in Your Name I pray.
