

33 Signs That Show You Are Under Witchcraft Attack Dr. D.K. Olukoya

November 9, 2016

There are two types of witches: conscious and unconscious witches. Conscious witches are very destructive. They carry out most of their activities in the night. Their reason for the choice of the night as the hour for carrying out their wicked activities can be traced to the fact that most people are not generally alert at that time. That is why we encourage Christians to pray in the night. They will find it difficult to attack you if you pray in the night.

Characteristics of Witchcraft:

1. They curse people
2. They control people
3. They harm people
4. They destroy things
5. They corrupt things and people
6. They damage a lot of things
7. They cause great damage
8. They are enemies of God
9. They are blood thirsty – Whenever their blood banks are empty they go for more blood by causing accidents.
10. They lie in wait to destroy souls.
11. They generally believe that they can conceal their identity.
12. They tell lies
13. They are always proud
14. Human lives means nothing to them

How to handle a witch wife...

They are able to destroy human lives with ease. A lot of men often come to me, to ask what to do after discovering that they married witches. Some of them have attempted to drive away the women. I have been a Christian for a long time now, but I am yet to see a man who drove away his wife because she was a witch and later prospered. The witch will not prevent you from driving her away. She will simply go somewhere else to reinforce and attack you. The best thing to do is to look for a way of running such wives through deliverance. Even if she says that she is not ready to go through deliverance, there are prayer points which the husband can make use of in order to bombard her into submission.

15. Witches are very fearless. Those who are involved with witchcraft fear nothing; that is why some ladies are not afraid to stay in darkness under the bridge waiting for a lift. Why is she not afraid? It is because she is a member of the larger witchcraft society.
16. They lay curses on people with coded language. You must be fervent in the Lord to be able to cancel that kind of coded curses.
17. They relish human flesh. These wicked creatures love human flesh. The Bible says, “Who hate the good and love the evil, who pluck off their skin from off them and their flesh from off

their bones; who also eat the flesh of my people and flay their skin from off them, and they broke their bone and shut them in pieces as for the pot” (Micah 3:2)

18. They are robbers, and also very bloody They can ride human beings as horses to their meetings, and can see what is happening in the light as well as in darkness.

19. They can manipulate their victims in the dream through feeding them and through spiritual sexual intercourse.

20. They can make use of cannibalistic and nocturnal animals

21. They can put marks on people’s heads. These witchcraft agents can put marks of hatred upon people. They can also put evil marks on properties and certificates. They can program their operations like a spider’s web. There are people who see things like the spider's web each time they close their eyes.

22. They can put ancient marks on people. With that kind of mark, they make people older than their age. Such victims often become expired even when they are just starting life afresh.

23. Witchcraft instruments are often used to program oppression into the atmosphere.

24. They can inject evil spirits into people’s lives. They do this by suppressing human strength and exchanging it with demonic spirit. Such people find it difficult to control themselves. They experience conflict in personality behavior.

25. They go into astral projection. They leave their body on earth and travel into the spiritual world.

26. They can project themselves into another creature in order to carry out evil activities. I remember the story of a particular brother who threw a cutlass at a cat. The cat cried out in Yoruba Language. That is an example of witchcraft manipulation.

27. They contaminate their children and kill them.

28. They forcefully initiate people into their society.

How then can someone know when witches and wizard are working against your life? Here are the things to look for.

‘If you witness any of the undermentioned signs, then, you need deliverance’—Dr. D.K Olukoya
Signs that you are under Witchcraft Attack

Attack by wicked and intelligent networks; If you find out that you are being harassed by wicked and intelligent witchcraft networks, you must use the weapon of prayer against them.

2. Denial of divine benefit; If you find out that you have never enjoyed your divine benefit, start praying against witchcraft operations in your life.

3. Pursuit by stubborn household wickedness; If you find out that unrepentant and stubborn household wickedness are pursuing you, start praying against them.

4. Intensive marital turbulence; If you are suffering from intensive marital turbulence then you must pray against witchcraft agents.

5. ‘Almost there’ Anointing; If you have discovered that your life is being characterized by the anointing of almost there but never there, then something is wrong somewhere.

6. Attacks from satanic weapons; If you find that your life has been turned to a center where all forms of satanic weapons are tested then you must take your battle to the gates of witches and wizards. Let me give you the promise of God, 'And I will cut off witchcraft out of thy land and thou shall have no more soothsayers. (Micah 5:12)

7. Attacks on progress in new apartment; If you find out that you no longer experience progress from the moment you begin to live in a particular house then you can be sure that witchcraft powers are working against you. A brother once packed into a block of flats in the company of two tenants. The three tenants had very good cars. Incidentally the landlord was also living with them in the same house. He had no car. The brother began to notice some development. The first tenant lost his car. A few months later the second tenant also lost his car. The only person who now had a car among the tenants was this brother. Then he began to have a problem with his car. He decided to go into a section of aggressive prayer when it dawned on him that he might lose his car.

He prayed for hours, days and weeks. One day the Lord spoke to him, to go and look into the well at the back of their house. To his amazement, he saw a tortoise. He decided to bring the tortoise out with a bucket. What he saw shocked him. The names of the three tenants (Including his) were written on a piece of paper and tied to the neck of the tortoise. He thought of what to do. He looked everywhere and found nobody. Then he snatched the tortoise, poured anointing oil on it before burning it. That was how God turned the tide in favor of the Christian brother. His car began to work and he no longer lost it.

Strange enough, the landlord had no car when they packed into the house. By the time the tenants were losing their cars, the landlord was buying several cars. The brother who prayed would have suffered like his colleagues but for the power of prayer. He attempted to tell his fellow tenants who happened to be university lecturers, about what he found inside the well. They simply told him no, saying that, 'such stories are not real'. That was how they continued to suffer while the landlord continued to prosper. The only person who was exempted was the brother who prayed.

8. Financial embarrassment: If you are experiencing unexplainable financial embarrassment or stagnancy in your business. Witchcraft powers are at work.

9. Spiritual stagnancy; You must deal with all forms of spiritual stagnancy. When witchcrafts force want to deal with a person, they first afflict him with spiritual stagnancy, Once a person is spiritually stagnant, witches and wizards find it easy to attack him or her.

10. Hidden and clever devourers; Witchcraft powers are always clever in programming hidden and clever devourers into the lives of their victims. You must not allow any hidden and clever devourer to function in your life.

11. Buried talents and virtues; Witchcraft powers destroy people's lives by burying their talents and virtues. Anyone whose talent and virtues are buried would never be anything in life. That is why you cannot afford to allow the powers of witchcraft to tamper with your talents and virtues.

12. Disappearance of those who desire to help; Whenever those who have promised to help you disappear suddenly, you must be conscious of the fact that powers of witchcraft are at work. These powers are very wicked. They remove helpers from those who are in need.
13. Chain problems; Some people go through certain problems which lead to others problems. When one problem leads to another, and the next one also leads to another, witches are involved. People who are in this condition generally spend their lives jumping from one problem to another.
14. Struggling and working tirelessly before achieving anything in life; Witchcraft powers change people's destiny by making them to struggle unnecessarily before achieving anything in life.
15. Occupying wrong positions in life; most people are made to occupy wrong positions in life through witchcraft manipulation. They place them in a position that will not contribute anything to their successful achievement in life.
16. Untimely death; Witchcraft forces are responsible for untimely death.
17. Desert businesses; Many people have good proposals and invest huge amount of money into their business only to lose everything at the end of the day. Witchcraft forces turn such businesses to wastelands.
18. Unexplainable huge debts: Many people have found themselves in terrible debts. The amount owed is so huge that the possibility of getting out of the debt is narrow.
19. Prayer paralysis: Witchcraft powers paralyze the prayer lives of their victims.
20. Evil diversion: Witchcraft agents also divert their victims to wrong places.
21. Dead organs of the body: some people are sick mysteriously. Certain organs of their body refuse to function. Problems like cardiac arrest, kidney failure and so on are caused by these powers.
22. Vagabond anointing: witches attack people by afflicting them with vagabond anointing. They turn intelligent people into vagabonds who roam the streets aimlessly.
23. Gradual loss of goods and properties; Some people discover that their goods and properties are being lost gradually. That kind of mysterious loss continues until everything disappears.
24. Spiritual blindness: Witchcraft powers agents attack their victims by making them blind spiritually. Consequently, such people walk into traps set by witchcraft powers.
25. Verbal traps; Witchcraft powers set traps and catch people with their own words. These words are later used against them.
26. Mark of hatred; Some people discover that they are hated for no just cause. Unknown to such people they have received marks of hatred from witchcraft agents.
27. Unexplainable loss of good things; Some people are found losing good things no matter what they do to prevent the loss of such things. Such people are victims of witchcraft manipulations.
28. Tortoise and snail anointing: Some people are generally embarrassingly slow in every area of their lives. Such problems can only be solved through deliverance.

29. Leaking pockets: A lot of people suffer the loss of money perpetually. Witchcraft agents have attached leaking pockets into their lives. It is even worse when people keep money in a particular place and it vanishes mysteriously.
30. Spirit of rejection; Many people are haunted by the spirit of rejection. They feel rejected by everybody.
31. Polluted children: Many people's children have been polluted by witchcraft powers. They infiltrated into the lives of the children and turned them into something else.
32. Husband that has been caged by a strange woman: The problem of some women is that they have lost their husband to the control of witchcraft powers.
33. Backsliding: Witchcraft agents also program backsliding into the lives of their victims.

The list is almost endless. What is the judgment of God against all these? What is God's judgment against witches and wizards? Let me state these in unequivocal terms. God has passed the sentence of both physical and spiritual death upon all witchcraft practitioners. God's judgment upon them is clearly stated in Exodus 22:18 Suffer not a witch to live. Do not allow witchcraft activities in your life. You don't have to kill a witch physically but you can pronounce spiritual judgment against her/him. Paralyze their activities. Kill the spirit of witchcraft that is operating in them.

That is why you must be ready to learn how to pray red-hot prayers like the psalmist. No doubt the psalmist was praying against the spiritual powers that was working in the lives of his enemies. You don't have to attack physical things. But attack the witchcraft forces within them.

How to get rid of witchcraft Problems in your life?

Repentance: You must repent from all known sins. You must be ready to settle your account with God. Evil speaking, gossiping, backbiting, slander, malice, anger and such like must all be repented of, if you want to be free from witchcraft operations and attack.

2. Dedicate your household to the Lord Jesus Christ: You must get to the point where you can declare like Joshua 'As for me and my household we would serve the Lord'.

3. Train your children in the way of the Lord: Failure to train your children in the way of the Lord may lead them into involvement with witchcraft. When such children acquire witchcraft powers, they may turn back to attack you.

4. Be careful concerning what, where and how you eat: Be careful, don't eat just anything. Pray and watch where you eat. Even in dreams

5. Cleanse your household and business premises spiritually: You must sanitize your surroundings spiritually through prayers.

6. Prayer warfare against witchcraft operations: You must always pray against witchcraft operations in your environment.

7. Go for deliverance: You need to go for deliverance if witchcraft powers have gained access into your life and you're unable to break them on your own.

8. Bring litigation against them by pleading the blood of Jesus.
9. Finally don't ever attempt to rebuild your Jericho. Whatever God has destroyed in your life must remain destroyed. Let there be a clean break between you and your past unregenerate lifestyle.

Na.3:1-4

Woe to the bloody city! It is all full of lies and robbery. Its victim never departs. The noise of a whip And the noise of rattling wheels, Of galloping horses, Of clattering chariots! Horsemen charge with bright sword and glittering spear. There is a multitude of slain, A great number of bodies, Countless corpses— They stumble over the corpses— Because of the multitude of harlotries of the seductive harlot, The mistress of sorceries, Who sells nations through her harlotries, And families through her sorceries.

Psa.10:8,9

He sits in the lurking places of the villages; In the secret places he murders the innocent; His eyes are secretly fixed on the helpless. He lies in wait secretly, as a lion in his den; He lies in wait to catch the poor; He catches the poor when he draws him into his net.

Ex.22:18

Thou shalt not suffer a witch to live. ((i.e do not allow them to operate freely without resisting and stopping their evil works with the power of the Most High)

1Jn.3:8

He who sins is of the devil, for the devil has sinned from the beginning. For this purpose the Son of God was manifested, that He might destroy the works of the devil.
