

Confirmation that Macron, French President is the Antichrist
5-1-25 to 5-4-25 Vicki Goforth Parnell

2 Thessalonians 2:1-3; 7-8

1 Now we beseech you, brethren, **by the coming of our Lord Jesus Christ, and by our gathering together unto him, (referring to the rapture)**

2 That ye be not soon shaken in mind, or be troubled, neither by spirit, nor by word, nor by letter as from us, as that the **day of Christ** is at hand. **(Referring to rapture again)**

3 Let no man deceive you by any means: for **that day (referring to rapture)** shall not come, except there come a falling away first, **and that man of sin be revealed, the son of perdition:**

7 For the mystery of iniquity doth already work: only he who now letteth will let, until he be taken out of the way.

8 And then shall that Wicked be revealed, whom the Lord shall consume with the spirit of his mouth, and shall destroy with the brightness of his coming:

Time of Revealing 6-14-24 6-51 AM Shared 6-15-24

“A further reveal since My Restrainer, He who letteth has stepped back from this position. It's time for a reveal of more information on the antichrist himself as this chapter ends and a new one begins. And My Great Day of Wrath and Vengeance is the first page of the final chapter for your world if she were a book. The end is drawing near until close. No more time will be granted. What will be is written in the scripture of truth for all to read. It's time, daughter, it's time. It's a Luke 8: 17 kind of moment as you so often pray over yourself before the whole world.

Who's Pulling Whose Strings? Dream 6-4-24@ 5:34 PM

Now before me is a gold, gaudy throne and nothing else except solid black. The throne had been engraved with several depictions of what looks like leaves, crowns, and engravings with a three part crown sitting on its top in between the leaves. The rounded back and seat cushion are red, and I saw traces of red on each gold arm. There was gold embroidery on the cushions. As I gazed upon the gaudy gold and red throne I heard these words, “**The sun king.**” “**What does the sun king mean?**” I asked but again no answer came. **(Sun king was one of the names for french king Louis XIV thus connecting this dream to France.)**

Before I could scrutinize the gold throne any further, I heard footsteps falling that sounded like heels clicking of dress shoes upon a hard surface. I involuntarily stiffened my body as I tensed to see who was coming to this throne. I saw the back of a lone figure of a man in a black expensive suit. Its tailor made I knew somehow in this dream. He walked to the big gold throne then turned and sat down as if this throne belonged to him. I could only see from his chest down at this moment in time. He snapped his fingers and instantly there appeared out of nowhere a very large wooden cross. It's a massive puppet crossbar I determined because now there are strings, a very large, massive quantity of white, clear strings running from it.

He begins moving the Marionette puppets' crossbar with great mastery with his light olive colored hands that has a warm tone to the lightness of its color. I can tell he's a master at the use of the marionette's crossbar. He is a master puppeteer. As I continued to watch, a chill ran up my spine and I froze. I whispered to myself, “It's him! It's evil personified.” I saw the dark-haired man with his soulless blue eyes that I've seen so many times before in my dreams, vision and in reality. It is the man antichrist, the man of sin who was now sitting upon this golden throne. Suddenly the background lightens and now appearing behind his back was the silhouette of a vast kingdom, but everything is shrouded in darkness. It's black. It's the kingdom of darkness of lucifer, of satan.

I watched as Antichrist continued to manipulate the puppet strings and as he leaned forward in his sadistic glee of twisting and controlling the majority of the world's inhabitants and situations, I noticed there's one lone puppet string attached to him, directly to his head. It leads in a straight line to the dark kingdom behind him. Then I awoke.

“Jesus Christ my love I don't understand all the legalities of this dream in the physical world or what it all means yet, but I understand the spiritual very much. I have tried this dream several times and all times I've discerned by trying the spirits and through prayer in your name it's from Heaven, your Heaven Jesus Christ.

Vision of Antichrist Upon a Throne 8-29-24@12:45 PM

"Lord, I see the man of sin sitting on his gold throne. I see him clearly. Except this time he's in an expensive light grey suit. His face is slightly shadowed. But I can see clearly who he is." "Yes daughter." "The shadowing is mostly under his eyes like half moons. Otherwise his face, his whole body is in the light." "This is because daughter his time to fully arise and be exposed has come." "He has a dark, deep brooding look on his face and his eyes are looking straight forward. This is the same red and gold throne I have repeatedly seen him sitting in. His arms are extended resting on the throne's arm rests. His hands are curving around the end of the arm rests.

Now his suit looks dark in color, possibly dark navy or black. His shirt is still white and his tie is a plain red but still expensive I can tell. There seems to be nothing or noone around him. It's a lone room with only one light. But again there's only a small amount of shadows noticeable under his eyes. Otherwise the light upon him allows him to be clearly seen. That's all that's in the shadows." "You have deduced correctly, daughter. The lawless one, the man of sin's time to be fully revealed and fully seen is almost here. It won't be long before his face is no longer hidden by any shadows My daughter." "Then what happens Jesus Christ?"

I still see him sitting in the gaudy throne looking forward unmoving. He doesn't even blink his eyes. "I will show you My little one." Now I see the light has increased directly on Antichrist's face. A door has now appeared to the right which would be his left where he's sitting. The room is still dark minus the light on Antichrist. So as the door opened a shaft of light appeared. I see a smile begin forming on Antichrist's face although he's still unmoving and looking straight forward. "Sir it's your time," I hear someone, a man's voice say from the other side of the door. Antichrist turns his head in the direction of the open door and smiles bigger. "Finally," I heard him say. As he yelled back to the open door in reply to the man's voice, "Tell the world I'm coming." As he stood up he strained to suit jacket, his tie then the cause of his white sleeve shirt. He turns and starts walking toward the open door and now it's gone.

"Jesus Christ it's gone." "Yes daughter, you have seen what you needed to know. Only a few shadows remain upon his face until his true identity shall be known. First among My children and lastly the rest of the world. By then it will be too late and evidently seen."

The Guillotines Are Ready Dream 8-28-24 to 8-29-24

There appeared in the air a 3D like screen and displayed on it was a dark-haired man with his head down that looked to be in a "luxurious airplane." His head comes up quickly and he smiles at the people in the room. It's antichrist.

Since you have already started your journey by plane as you have called us to do, we shall run these tests so you can have the results to present to the president. As you discuss further the AI progress of what he still needs to know about the Collective Hive for his people." "Wonderful," antichrist declared then said, "let's get started to ensure I have all the information ready and available when I arrive in a few hours.

*****Antichrist's plane trip is the same as French President Emmanuel Macron's trip. I dreamed on 8-29-24 that night antichrist was on a plane trip.*****

The Mark Of The Beast Vision 2-28-25@ 8:07 PM Shared 3-1-25

Habakkuk 2:2-3 And the Lord answered me and said, "Write the vision and make it plain upon tables that he may run that readeth it. For the vision is yet for an appointed time, but at the end it shall speak and not lie. Though it tarry, wait for it because it will surely come; it will not tarry."

Jesus Christ, I just had a vision. I saw a sunburst with a face in the middle. It's solid gold and has rays coming out of it. On the right top side it had a hand held fingertips upward. I recognize it as King Louis XIV French President's symbol. I took 3 years of French in high school, but I also remember it from pictures with the Antichrist Macron sitting on his gold throne. King Louis was known as the Sun King. I saw a Fleur de Lis on the left top opposite of the hand, and a man's face in the center of Sun's body.

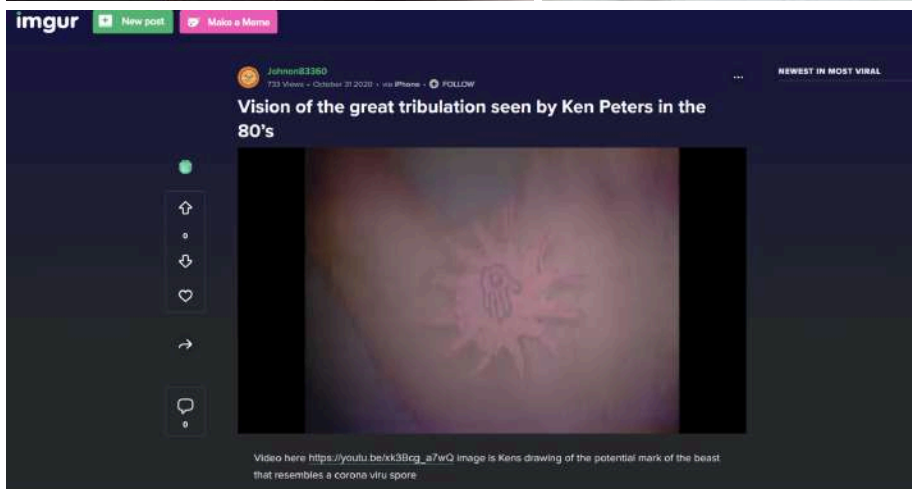

The golden Sun's image began to get smaller until it landed on the top side of a person's hand on the area of the skin between the thumb and pointer finger that looks like a web. It landed right in there. It now has a reddish look to the outside edges that began refracting light like a prism showing multiple colors, almost like rainbow colors coming out from the rays in between. The hand that is connected to the right of the now yellow-looking Sun moved from the right side to the center of the Sun, replacing the face which is now totally gone with the hand. Then suddenly the whole Sun with the hand looks like it's being zoomed up and magnified, and now I see upon the hand in the middle of the Sun as an exact tiny replica of the Sun and hand image.

I heard "apotheosis" being spoken. "Jesus Christ, what is it? I've seen this before, but never this close. It's like it's always been partially blocked from my vision or hidden." "It is the mark of Antichrist, who calls himself the Sun god reincarnated, yet better, he gloats. This is what it looks like, Daughter, for it needs not to be a foreboding symbol in a time of such sorrow and woe. Devastation and sorrow, Daughter, that is what remains at this time in your world. The symbols, the image of the mark, though it looks different, yet cheery with the Sun's yellow rays in a dreary world of death, war, and destruction full of famine and disease is it not, Daughter? In fact, the taking of the Mark of the Beast, willfully, is to choose eternal separation from Me, their holy God and Creator, and damnation for their soul. No longer is this hidden from your spiritual eyes, Daughter, because now it is time for the Man of Lawlessness and Sin to begin ascending to his throne to rule your world. There's only one piece that remains for the Beast to be able to unleash his mark upon the world and this I have commanded to be held under the waters in the sunken city of Atlantis that shall soon rise to the surface once again after My Son's Bride is removed. This one piece they are lacking shall unite all who take this mark to be joined by agreement to Antichrist and his system without distance or limitation. This time has come upon your world while many of My own are still sleeping."

The Wounded Head Dream 3-7-25 @ 5:25 AM Shared 3-11-25

“United people of our new great world, it has been through much difficulties that have come that we have been united by peace under the leadership and brilliant mind of our Supreme Leader, whose one goal is for our world to heal and be unified in peace. He has done this by unifying the governments of our world into 10 kingdoms, in which he is ruler of them all. There are no more diversities in our religion and freedom to worship the gods of all and through his great mind the restrictions of the one world’s ability to unite its money system can be more readily received and given. All made possible by our benevolent Supreme Leader. Without further delay...,” Obama said, with his arms making a sweeping gesture, “it is my privilege and honor to introduce to the loyal citizens of our new world.” I couldn’t help but notice that when he spoke it was like the people were bewitched by his words and clung to every one. But not me. I’m not deceived and I’m protected by the Blood of Jesus Christ that was shed for me on Calvary’s Cross.

The trumpets began blaring again as Barack Obama turned his long purple garment almost swirling around his feet as he re-entered the doors of the grand palace-type building. The people had begun clapping their hands. Once the trumpets stopped blaring, the double doors on top of the third decorated balcony opened from the inside and the crowd hushed immediately.

“Oh, Jesus Christ, who now?” I asked, but no answer came. He didn’t have to reply because a lone figure came walking out the door. It’s a man wearing a long blue cape with fur lining, like what a king or queen wore many years ago for royal ceremonies and appearances. He has a gold crown upon his head that is gaudier in its magnificent jewels than Queen Elizabeth, King Charles’s mother of England, was. The man’s face is actually facing toward the balcony on my left, while I am on the one on the right. I could tell, though, he has dark hair and a matching beard and mustache. He’s waving to the crowd who are showering him with their praises and adoration. I realize I’m not participating, so to keep myself from being singled out, I raise my hand in the air and with a huge smile I begin to wave. But my praise was being sent to Father God in Heaven and my lovely Jesus Christ.

The man with the crown on the balcony is dressed in an expensive looking black suit. I couldn’t help but notice when he walked out of the doors his shoes were shiny and black. He turned his head in the direction of our balcony and my hand froze in midair. My eyes focused on the man’s blue eyes that immediately turned into empty black sockets to me. Even with a beard and a mustache I recognized this is Emmanuel Macron, the Antichrist. And apparently he’s already ruling this world. I forced myself to continue waving, although I really wanted out of here. I couldn’t help but think he’s really trying to convince the people he is their savior. Even growing a beard and mustache like my lovely Jesus Christ has had because he wants so badly to be him. He is not, nor will he ever be. As I continue to study the now bearded face, the realization came that if there was any undecided people who knew enough about the Holy Bible from the past, including some of the left behind Christians, then with all the miracles, signs, and wonders he’s supposed to be doing, the beard and mustache was to help remove any doubt in their subconsciousness thinking. Because most would have had some type of understanding of prior descriptions that Jesus Christ wore a beard and a mustache, as was customary in His days.

As Antichrist spoke, his words seemed to go out across the crowd, pulling them into the evil web of his lies. His words seemed to be made as if honey to a bee, but instead was full of much poison and deceit. “My people...,” he spoke in an endearing voice, “though the road has been hard and filled with many obstacles, we have come a long way together in uniting our world, except for those who still oppose a unified peace, a unified religion and world. With your continued support in turning in those of such nature, and their accomplices, we shall soon have all of them removed, detained, re-educated, or silenced completely. We have all seen the devastation of a world caused by war, a world without unification. With the help of our outer world friends, the aliens, we have developed a new technology. This technology shall allow each individual to buy, sell, earn credits, have access to our internet hive without having to wait in line and without the necessity of a card for food purchases and privilege access, including free access into our places of worship. I heard murmurs of approval run through the crowd, which caused me to turn and look at them below the balcony on the ground level, as well as those on the balcony directly opposite of me. I noticed not everyone was in agreement with the world Antichrist was speaking about, yet they hid it from most others very well.

Antichrist continued speaking, “This new technology cannot be lost or stolen like your cards have been at times. My goal is to make life as easy as possible for all as we rise together over the many obstacles our world has faced together.” I could tell he was winning over the crowd.

They had been caught in the web of his enticing, seductive voice and words and didn’t even know. They were like flies trapped in a giant spider web that didn’t even try to resist as Antichrist spun his webs of lies

tighter and tighter. This was my thinking as I watched the Man of Sin mesmerize the crowd with his demonically induced charm and charisma. Antichrist had still been speaking while I was lost in my own thoughts. Suddenly I heard his words that caused me to refocus on him as I sharply drew in a quick breath of air. “To replace the world unified food card and others, we have created,” he said, “we have come up with something different. It shall be an identification mark, a Mark of Loyalty, to our one world unified system. A symbol of hope and peace, a symbol of joy that will bring rays of sunshine into your lives without the intense severe heat the rays can now cause.” The people began to murmur and voice their approval. One woman in the front on the ground yelled out, “Supreme Leader, you must be a god reincarnated from heaven to help us!” “Surely he is,” a man agreed out loud.

Antichrist raised his hands to quiet the crowd, but a huge pleased smile was on his face. “Good people, let me finish the explanation of the Mark of Loyalty so that when it arrives there will not be any misunderstandings or fear about it. It shall have the symbol of the sun, as seen on your identifications you wear. There will be more to it, but that will be revealed at a later time,” he continued; the smile never leaving his bearded face. “Jesus Christ,” I whispered, “he’s talking about the Mark of the Beast! His mark he’s calling the Mark of Loyalty,” I said excitedly. No reply came at this time. I watched Antichrist with dramatic emphasis point to his right hand between the thumb and pointer finger. “The Mark of Loyalty will be small enough to fit inside this area of your right hand, and because we are a people of great diversities and likes, if you prefer, you can have it placed right here directly into your forehead where it can be proudly seen.” The people in the crowd seemed overjoyed by his suggestion, when suddenly, I saw Macron, Antichrist’s face, jerk and become contorted as a look of horror came over his face. Just seconds before he collapsed on the balcony, but not before I saw what looked like a wound appear on his head. The crowd was silent for a moment as if stunned. Then they began screaming, yelling, and crying as if woken out of a deep sleep, or more like broken out of the Antichrist’s demonic trance. The armed soldiers and robots were already taking control of the crowd, searching and trying to see what or who had attacked Macron the Antichrist.

Scripture wise:

1. **The antichrist will begin his climb to power as if coming out of nowhere. Only two years before the French election, Macron was virtually unknown without any political party affiliation and electoral experience.**

Daniel 8:9 And out of one of them came forth a little horn, which waxed exceeding great, toward the south, and toward the east, and toward the pleasant land.

In April 2016, Emmanuel Macron launched a new political movement: En Marche! Four months later he resigned from the government and ran for president.

Now he has won.

What sort of president will he be? And what drove him to the top?

2. Antichrist is called a prince.

Daniel 9:26 And after threescore and two weeks shall Messiah be cut off, but not for himself: and the people of the prince that shall come shall destroy the city and the sanctuary; and the end thereof shall be with a flood, and unto the end of the war desolations are determined.

Revelation 6:2 And I saw, and behold a white horse: and he that sat on him had a bow; and a ***crown was given unto him***: and he went forth conquering, and to conquer.

When Macron took office he was named co-prince of Andorra, a small principality situated between France and Spain. Macron's status as royalty has propelled him to a position of great authority, as he also holds the highest executive office in the country. Following his party's sweeping victory in legislative elections, some news outlets have gone so far as to refer to him as a monarch with the power to rule by decree.

3. Antichrist will present himself as a man of peace and will confirm a 7 year peace treaty with Israel.

Daniel 9:27 And he shall confirm the covenant with many for one week: and in the midst of the week he shall cause the sacrifice and the oblation to cease, and for the overspreading of abominations he shall make it desolate, even until the consummation, and that determined shall be poured upon the desolate.

Macron has expressed his desire to offer “safety and security” to Israel and to facilitate peace between Israel and Palestine, which has yet to be achieved by anyone. We can see evidence already in play.

4. The antichrist will be connected to the number 666.

Revelation 13:18 Here is wisdom. Let him that hath understanding count the number of the beast: for it is the number of a man; and his number is Six hundred threescore and six.

Macron's full name adds up to 666 and is connected in more ways than one.

Full name: Emmanuel Jean-Michel Frédéric Macron. There are 36 total characters in his name (32 letters, 1 dash, 3 spaces). If you give each character a value of its position and calculate the sum, you get 666. (1+2+3+4+5+....+36 = 666).

Another example:

Emmanual Macron in simple gematria is 148, makes $4 \times (8+1) = 4 \times 9 = 36 = 3 \times 6 = 666$

A third example:

Then in the Greek gematria since the mark is mentioned in the New Testament I placed these words into a search of the Greek Gematria. "six hundred sixty six beast's mark" This gave me the number value of 384. Next I went to the regular Hebrew, English and simple gematria program and searched "macron". In the English gematria Macron has the number 384 connecting him directly to the 666 mark of the beast.

The Greek word for “count” in Revelation 13:18 is Strong’s G5585 *psēphizō* which means to count with pebbles, to compute, calculate, reckon; to give one's vote by casting a pebble into the urn; to decide by voting. He won the French Presidential election with 66.06% of the votes. (Israel's 69th anniversary as a reborn nation, what a coincidence!).

The Honorable Emmanuel Macron
President of the Republic of France
Elysee Palace
55 rue du Faubourg-Saint-Honore
75008 Paris, France

Dear President Macron:

Thank you for your continued efforts to expose the horrific human rights abuses in Communist China. In February, during his speech before the UN Human Rights Council, Foreign Minister Jean-Yves Le Drian denounced Communist China's "system of large-scale surveillance and institutionalized repression" against the Uyghurs in Xinjiang.¹ In August, France decided against ratifying an extradition treaty with Hong Kong following Carrie Lam's tyrannical move to suspend their election.² In the midst of these human rights atrocities across Communist China, we must all stand up to dictators like General Secretary Xi, and I encourage France to join the U.S. in designating what is happening to the Uyghurs as genocide.

5. **The Antichrist will emerge from a revived Roman Empire, which was located in Europe and parts of Turkey after the Roman Empire conquered the Greeks.**

Macron comes from a European background. His country, France, is a member of the European Union (EU), which is often seen as a modern-day incarnation of the Roman Empire. As the leader of one of the most influential countries in the EU, Macron is devoted to consolidating the union, potentially restoring its former power. In addition The European Union, what could be called the revived Roman Empire, presents the Charlemagne prize for a person's service of unifying Europe. It commemorates Charlemagne who was the founder of the Holy Roman empire. Pope Francis [received this award in 2016](#), Emmanuel Macron [received it in 2018](#). Traditionally the award is given to the recipient on Ascension Day, the day Jesus ascended into heaven.

Daniel 7:7; 19-24

7 After this I saw in the night visions, and behold a fourth beast, dreadful and terrible, and strong exceedingly; and it had great iron teeth: it devoured and brake in pieces, and stamped the residue with the feet of it: and it was diverse from all the beasts that were before it; and it had ten horns.

19 Then I would know the truth of the fourth beast, which was diverse from all the others, exceeding dreadful, whose teeth were of iron, and his nails of brass; which devoured, brake in pieces, and stamped the residue with his feet;

20 And of the ten horns that were in his head, and of the other which came up, and before whom three fell; even of that horn that had eyes, and a mouth that spake very great things, whose look was more stout than his fellows.

21 I beheld, and the same horn made war with the saints, and prevailed against them;

22 Until the Ancient of days came, and judgment was given to the saints of the most High; and the time came that the saints possessed the kingdom.

23 Thus he said, The fourth beast shall be the fourth kingdom upon earth, which shall be diverse from all kingdoms, and shall devour the whole earth, and shall tread it down, and break it in pieces.

24 And the ten horns out of this kingdom are ten kings that shall arise: and another shall rise after them; and he shall be diverse from the first, and he shall subdue three kings.

Daniel 8:8-9; 21-23

8 Therefore the he goat waxed very great: and when he was strong, the great horn was broken; and for it came up four notable ones toward the four winds of heaven.

9 And out of one of them came forth a little horn, which waxed exceeding great, toward the south, and toward the east, and toward the pleasant land.

21 And the rough goat is the king of Grecia: and the great horn that is between his eyes is the first king.

22 Now that being broken, whereas four stood up for it, four kingdoms shall stand up out of the nation, but not in his power.

23 And in the latter time of their kingdom, when the transgressors are come to the full, a king of fierce countenance, and understanding dark sentences, shall stand up

After 200 BCE, Asia Minor increasingly felt the shadow of Rome falling across it, and from 133 BCE onwards more and more of it passed under Roman rule. By 63 BCE, after long years of severe warfare, the Roman general Pompey the Great completed the conquest of the region.

All this time, Asia Minor remained a major centre of Hellenistic civilization, and would continue so under Roman rule.

The Romans in Turkey

Last Updated on April 25, 2019

In the 2nd century BC, following the era of Alexander the Great, Anatolia was a land of several independent kingdoms. Some of them had direct dealings with the Roman republic, and relations were not always good.

Roman legions poured into Anatolia to do battle with King Antiochus III of Seleucia. They defeated him at Magnesia (Manisa, near Izmir) in 190 BC, and left the government of Anatolia in the hands of the now-powerful kings of Pergamum (or Pergamon, modern Bergama).

The last king of Pergamum's royal line died in 133 BC without an heir, and bequeathed his kingdom to Rome. In 129 BC the Roman republic claimed Anatolia as its own, establishing the province of Asia (or Asia Minor), with its capital at Ephesus.

Roman rule brought increased commerce and prosperity to Anatolia, and provided fertile ground for the spread of a new religion. Paul of Tarsus (a town west of Adana on Turkey's Mediterranean coast) became the most active and greatest of proselytizers for Christianity. His journeys in his Anatolian homeland were crucial to the foundation of the Christian church.

Paul took several trips throughout the country on the excellent Roman roads, preaching to the prosperous Jewish communities, which spawned churches for the new faith.

Roman rule continued after the Roman republic became the Roman empire. In 333 AD a small fishing town on the Bosphorus, selected by Emperor Constantine the Great to become the new imperial capital, was inaugurated as Constantinople (later Istanbul).

After the sack of Rome in 410 AD by Visigoths, the empire lived on in Constantinople and the East. Historians usually call this later Roman empire the Byzantine Empire.

Macron professes to not be gay and is supposedly married to a woman but that's not how it really appears to be. Rumors have circulated for years that his wife Brigitte is a transgender man. Also Macron posed for a gay magazine cover and there are videos of him embracing and kissing other men and dancing in transgender clothing at gay clubs.

7. The Antichrist will proclaim himself as God.

Macron has made it known that he will “rule like Jupiter,” the supreme deity in Roman and Greek mythology. He has also been given several titles in Europe, including “Jupiter,” “Europe’s Savior,” and the “Sun King reborn” and appears to relish the attention they bring him. He has even jestingly drawn attention to his own name, which means “God is with us” in Hebrew.

2 Thessalonians 2:3-4

3 Let no man deceive you by any means: for that day shall not come, except there come a falling away first, and that man of sin be revealed, the son of perdition;

4 Who opposeth and exalteth himself above all that is called God, or that is worshipped; so that he as God sitteth in the temple of God, shewing himself that he is God.

Verses about Jesus Christ’s Name.

Matthew 1:23 Behold, a virgin shall be with child, and shall bring forth a son, and they shall call his name Emmanuel, which being interpreted is, God with us. Macron’s first Name.

Isaiah 9:6 For unto us a child is born, unto us a son is given: and the government shall be upon his shoulder: and his name shall be called Wonderful, Counsellor, The mighty God, The everlasting Father, The Prince of Peace. Frederic meaning peaceful ruler. Making it easy to appear as if he was fulfilling the prophecies of Israel’s long awaited Messiah to come.

What is interesting is that his first name is not the only reference to God. Each part of his full name, except for his last name, alludes to God or Jesus in some way. Here is a breakdown of his name:

- **Emmanuel:** “God with us”
- **Jean:** “God is gracious”
- **Michel:** “who is like God?”
- **Frédéric:** “peaceful ruler”
- **Macron:** a noun meaning “a written or printed mark...”

France is desperate for a king

Macron is as much a monarch as Louis XIV

John Lewis-Stempel

JUNE 1, 2022 9 NEWS

When it comes to longevity of reign, one European monarch eclipses even Elizabeth II. Louis XIV took the throne in 1643 aged four and departed it 72 years later in 1715 (gangrene had ravaged his leg, thus beating various unmentionable fustians to the Reaper's job). In the intervening years, he aggrandised France into a major power via aggressive attacks on neighbours, reshaped the notion of ordinary monarchy into absolutist monarchy, ushered in a golden Baroque age of culture, and turned an obscure hunting lodge in a marsh into the glittering Palace of Versailles, the most imposing gaff in the world.

'Arrogant' Macron and the mess in France

Tue 7 Jul 2024 at 11:08am

Play 14m

French President Emmanuel Macron called a snap parliamentary election, in a game of chicken with the French people, hoping they'd swerve away from backing right-wing parties which enjoyed support in the European Union vote last month.

After two rounds of voting, a coalition of left-wing parties won the most seats.

It has blocked the far-right from taking power but left the country with no dominant political force and the prospect of months of negotiations to form a government.

Today, Emmanuel Macron's gamble and the political mess left behind.

Louis the conqueror

As well as being depicted in the guise of Apollo, Louis XIV commemorated his many military victories by posing as an all-conquering Jupiter, as can be seen in this tapestry. However, even Louis XIV was not immune to criticism. In Chapter 28 of the *Siècle de Louis XIV*, Voltaire recounts that the King faced accusations of overweening pride when a Classical-style statue of him in the Place des Victoires in Paris appeared to depict slaves in chains around its base. The statue was not commissioned by Louis XIV, but by one of his marshals, La Feuillade, and the figures were in fact supposed to represent 'tamed vices' and 'defeated nations'. Nevertheless, this episode indicates the importance of public image in a time without the photography and mass media we have today – the French general public's only way of visualizing the king would have been to look at statues of him. Even the French Apollo had to tread the fine line between using visual representations to remind his subjects of his absolute power, and stirring up resentment by appearing too arrogant.

10. He shall be an economic, political, and intellectual Genius. He will have seducing words and charisma.

Daniel 7:20 And of the ten horns that were in his head, and of the other which came up, and before whom three fell; even of that horn that had eyes, and a mouth that spake very great things, whose look was more stout than his fellows.

Daniel 8:23-25

23 And in the latter time of their kingdom, when the transgressors are come to the full, a king of fierce countenance, and understanding dark sentences, shall stand up.

24 And his power shall be mighty, but not by his own power: and he shall destroy wonderfully, and shall prosper, and practise, and shall destroy the mighty and the holy people.

25 And through his policy also he shall cause craft to prosper in his hand; and he shall magnify himself in his heart, and by peace shall destroy many: he shall also stand up against the Prince of princes; but he shall be broken without hand.

Revelation 13:16-17

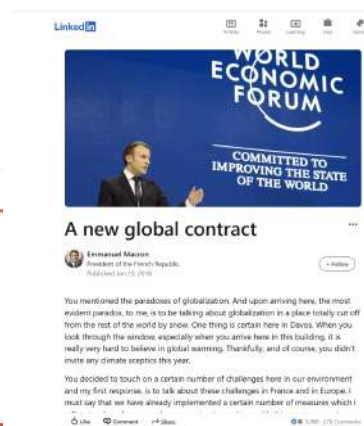

16 And he causeth all, both small and great, rich and poor, free and bond, to receive a mark in their right hand, or in their foreheads:

17 And that no man might buy or sell, save he that had the mark, or the name of the beast, or the number of his name.

Macron has shown his political genius and it's apparent in his remarkable ascent to one of Europe's most prominent political figures.. In just one year, he formed his own party, En Marche, and secured a historic parliamentary majority in a landslide victory, a feat unmatched since 1958. He made history by becoming the youngest president in French history at the age of 39.

In addition Macron's impressive economic ability to make good judgments and quick decisions is demonstrated by his rapid ascent within the Rothschilds banking corporation. Within 2 years he became a partner and earned the nickname "the Mozart of Finance" after brokering a 10 billion dollar deal in a single meeting. Despite claiming to not be a millionaire, his net worth already stands at \$31.5 million. His economic expertise is further showcased during his tenures as deputy secretary-general at the Elysée and as Minister of Economy and Finance.

From a young age, Macron's exceptional intellectual abilities were apparent to those around him. His teacher at the time, who is now his wife, Brigitte, was impressed by his remarkable intellect. She noted that "he wasn't a teenager. He had a relationship of equals with other adults." His former classmate, Antoine Marguet, similarly described him as possessing an "Olympic intelligence" and remarked that everyone who encountered him knew he was someone extraordinary.

EMMANUEL MACRON, FRENCH PRESIDENT-ELECT, CLASS OF 2001

Emmanuel Macron was 21 years old when he arrived at Sciences Po. After three years of preparatory classes in the arts section at lycée Henri IV and two failed attempts at the entrance exams for the École Normale Supérieure, he is said to have gone to Sciences Po to "lick his wounds," perhaps even "with a certain spirit of revenge". In any case, he was recommended by his prep professors in his application for Sciences Po as a "likeable" candidate "who

To cement her declaration of amity, Truss has rushed to participate in Macron's European Political Community, a still rudimentary concept that the president intends to function as a sphere of European Union influence. He wants it to 'build a strategic intimacy' with all European countries, and to be a waiting room for countries such as Albania, Turkey and Ukraine, who have ambitions to become full members.

Macron is described by his own father as a master of seduction.

Truss appears to have surrendered to his charm without a struggle. Macron, she declared without hesitation after the first meeting of this group in Prague, 'is a friend'. Truss is what the Americans call, 'a cheap date'. Indeed, she picked up the tab for her photo opp, affirming that taxpayers will pay France's nationalised EDF £35 billion (certain to be vastly more) to build a new nuclear power station, Sizewell C. It will be modeled on the Hinkley Point C station being built by EDF, which is catastrophically over budget and overdue. In return, Britain has received nothing at all from Macron.

Daniel 7:23-25

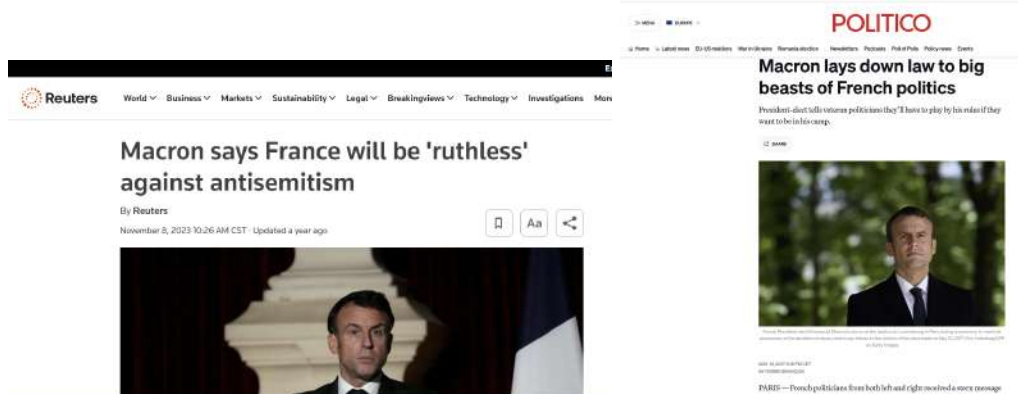

23 Thus he said, The fourth beast shall be the fourth kingdom upon earth, which shall be diverse from all kingdoms, and shall devour the whole earth, and shall tread it down, and break it in pieces.

24 And the ten horns out of this kingdom are ten kings that shall arise: and another shall rise after them; and he shall be diverse from the first, and he shall subdue three kings.

France's military is considered one of the strongest in the EU, likely ranking first or second alongside the UK due to both countries possessing nuclear arsenals. It ranks in 4th place for nuclear weapons.

Related: Which European country has the strongest military?

A toss-up between France and Britain.

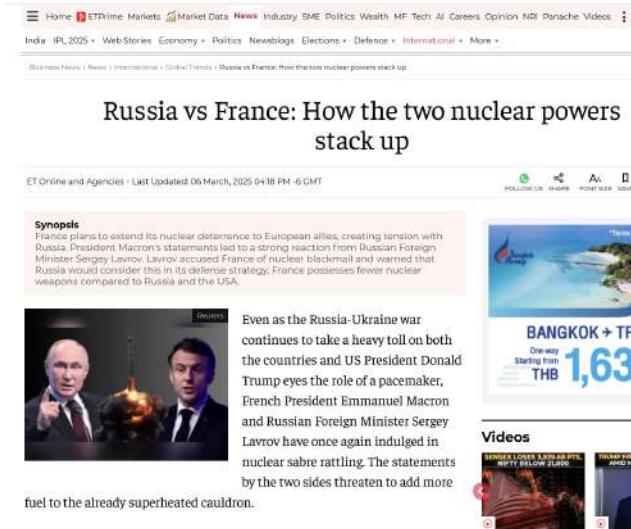

France has the **third-largest** nuclear arsenal globally speaking, right behind Russia and the United States. They have the **second-largest** airforce in Europe, **first** if we don't consider Turkey. A larger ground force, and equally sufficient technologies to Britain in armored warfare, which France is leading in heavily.

United Kingdom has the **fifth** largest nominal GDP in the world, the most advanced artillery systems in the world [look up BAE], one of if not **the** best-trained troops in the world, and has an incredibly advanced military.

France has a **stronger** and **superior** basic expanse of military might, but Great Britain has a superior sophisticated expanse of military might [i.e Commonwealth].

Both nations are REALLY good at warfare, historically BETTER than Russia or the United States, and the war, without nuclear armament, might slightly head towards France, but just so barely. The United Kingdom and France have the ability to annihilate each other and surely know just how capable one or the other is.

I don't think there's really any country in Europe that comes close to these two. The massive economics of Germany is fancy and all, but their armament isn't so flashy and great as it appears to be, warfare is decided on the basis of superior attrition and logistics, which France and Britain have in abundance of.

Revelation 17:11 And the beast that was, and is not, even "he is the eighth, " and is of the seven, and goeth into perdition.

Macron is the 8th president of the French Fifth Republic. Prior to this there were 2 regimes of monarchies. They were the Bourbon regime & the constitutional monarchy. When you add these to the five republics with the 5th being the current one you get a total of 7 regimes for France...with Macron being the 8th president of the last republic/regime.

Macron has made radical changes to the laws in France including now Sundays and evenings are to be worked. This was a direct changing of the law of God who commanded us in Exodus 20:8 to keep the Sabbath day holy.

Macron Law Modifies French Insolvency Law

SEPTEMBER 15, 2015 | COMMENTARY

On August 6, 2015, France adopted legislation named after the French Minister of Economy, Emmanuel Macron ("Macron Law"), that is designed to promote economic growth, activity, and equal opportunity. What follows is a brief summary of the principal reforms to French insolvency law introduced by the Macron Law. As discussed in more detail below, these measures include the creation of specialized insolvency courts for large cases and the introduction of rules and procedures that permit "cramdown" of shareholder interests in French reorganization proceedings. The French insolvency regime creates a level playing field on which creditors will play an increasingly greater role in insolvency proceedings.

Specialized Insolvency Courts for Large Cases

France currently has 134 commercial courts. A commercial court has jurisdiction over an insolvency case if the debtor's corporate headquarters or

15. Will the antichrist be a Jew?

Many hold the belief that the Antichrist will be a Jew and comes from several Scripture passages, but a closer look at these passages refutes this idea. Here are 3 such verses for example:

Daniel 9:27 And he shall confirm the covenant with many for one week: and in the midst of the week he shall cause the sacrifice and the oblation to cease, and for the overspreading of abominations he shall make it desolate, even until the consummation, and that determined shall be poured upon the desolate.

John 5:43 I am come in my Father's name, and ye receive me not: if another shall come in his own name, him ye will receive.

Daniel 11:37 Neither shall he regard the God of his fathers, nor the desire of women, nor regard any god: for he shall magnify himself above all.

With Daniel 9:27 it's believed by many that Antichrist would have to be a Jew for the Jews to ever accept him, whether as their Messiah or to be in any form of a covenant with him. Nowhere does it say in the Holy Word of God that it will be their Messiah that confirms the peace treaty with them in this passage of Scripture. The covenant with Antichrist has to do with attaining a military victory, the Antichrist saving Israel. With the antichrist rising from the roman empire this signifies him as being a gentile. Also Israel has already entered into covenants with non-Jews.

One prime example took place when the Jews signed a peace treaty with Yasser Arafat, a Gentile, not a Jew, at the Oslo Accords signed September 13, 1993. A few others would be the Egypt–Israel peace treaty signed March 26 1979, the Israel–Jordan peace treaty (formally the "Treaty of Peace Between the State of Israel and the Hashemite Kingdom of Jordan signed on October 26, 1994 & the Abraham Accords signed on September 15, 2020. Therefore the antichrist being a gentile would not keep them from signing the covenant/agreement as we can now see.

In John 5:43: "If another comes in his own name, him you will receive," some say Jesus Christ could have been referring to the Antichrist in this verse. but His statement does not settle the issue of whether the Antichrist is a Jew. In fact, "in his own name" would indicate the opposite.

Now concerning Daniel 11:37 which is perhaps the most used passage: "He shall regard neither the God of his fathers." Many have thought the verse means that Antichrist, as a Jew, will have rejected the God of the Hebrews. But the word "God" here, Strong's H430 *elohim* in the Hebrew. It can refer either to the true God or to false gods. Some Bibles indicate this fact in footnotes, correctly using the lowercase "gods." "Of his fathers," is Strong's H1 ab meaning father, individual, forefathers, ancestors. Thayer's Greek Lexicon which is older than Strong's says it refers to ancestors, or used as a founder or first ancestor of a nation. Thus the Antichrist will have rejected *whatever* deity was in his background.

Macron at the age of 12 suddenly decided he would be baptized at a Catholic church. His faith was short-lived. He is called a zombie catholic. He turned from the catholic faith and now declares himself an agnostic fulfilling Daniel 11:37 in which the antichrist about in Daniel 11:37 Macron has already rejected the faith of his background. The Word of God cannot lie.

Macron's birthday is the Winter Solstice:

He was born on 21 December 1977, which is the Winter Solstice or the shortest day of the year. The reason December 24 and December 25 were picked for Jesus Christ's birthday is because those were considered to be the Winter Solstice, or the shortest day of the year.

Antichrist Crowned Underground.

Vision of COP27 Crowning of Antichrist 11-11-22@10:23 PM

This vision is actually connected to a dream I had on 11-8-22 to 11-9-22 titled as “The Coronation Dream.”

I had been praying about this dream when I heard my lovely Jesus say, “Look and see! What do you see my warrior daughter? Tell me what you are seeing with your physical eyes open?” I see a man sitting upon a throne. It's gold. It's gaudy. I see a bright blood red velvet material is covering its back and seat and it's heavily padded. This throne of obvious power is elevated above a sea of people that are standing on a black and white checkered floor. The throne is on a raised pedestal with stairs leading up the right and also on the left. The man sitting on this fine throne is wearing a highly tailored black silk Italian-made suit. His fine button up shirt is blood red in color. He wore no tie. He is wearing black socks and shiny black shoes with stiff black shoelaces. He is of a lighter color skin, but upon his face is a mask, a goat's face with horns. It is white or gray in color with red eyes. Upon his head, this man with the mask is a golden crown that looks like a half sun with 10 points. Between the goat's eyes and on its forehead is an inverted

pentagram inside an upside-down pyramid. I see a movement to the left side amongst the people. I see a man. It is pope Francis but instead of white he is dressed in a blood red robe with a blood red hat that looks like a beanie. He raised his hand, and the sea of people became so very quiet. There are so many people here standing below this elevated platform with the goat headed masked man upon this gaudy throne.

The pope is speaking. "Our time has come to rule this world. Satan, lucifer the light bearer, has brought his chosen one, his son to us. Behold, he, the chosen one," he says as he lifts up his arm in a swinging motion drawing all eyes to the horned goat headed man on the seat of power. The pope continued. "Swear your allegiance! I say again, swear your allegiance to lucifer's son and do it now and we will now enter this great journey together with him as our glorious leader." I see... I see a man hand the pope a goblet. It's filled with blood. I know it is somehow. Child's blood! "Here, here," he says boldly for such an elderly man. "All who pledges their souls to lucifer's son now raise your cups and we will drink the covenant blood of the innocent together, giving to him our lives and souls in glorious abandonment!" I see a sea of arms raised up with goblets lifted high. Each filled with the innocent blood of children I know. "Oh, God there's so many goblets. So many people." The pope looks momentarily across the crowd of people as if to see if anyone has not raised their goblet in honor to the man on the throne.....There are none!!! All hands are lifted of every person on the black and white checkered floor! "Jesus...Jesus, I see them all!"

The pope looks up at the horned goat headed man with his golden sun crown who has turned his head ever so slightly in his direction. He gives the slightest of nods. The pope grins wickedly back at him. Then he turns back to the sea of people. He begins praying an unholy prayer in what sounds like a Babylonian chant. It has an immediate effect upon the crowd who began swaying in beat with the chanting. I see... I see... I see when pope Francis finishes, he speaks out loud these words. "Pledge your allegiance to lucifer's son. Our god of this world for to serve him is to serve the light bearer. Do you swear my children?" Pope Francis asked in a sickly-sweet trance-like voice. The whole crowd answered in a robot-type voice. "We so swear!" "Then drink to your master. Drink to your king and ruler of our new world. The time of the Nazarene is dead! Our time is now." Then pope Francis takes the goblet of innocent blood, brings it to his lips and drinks it greedily, draining the cup of its contents quickly. So did the rest of the crowd. I began seeing the faces of the crowd. I see Angelina Jolie, Michelle Obama, Justin Trudeau, Brad Pitt, George Soros, Angela Merkel of Germany, king Charles, his wife Camilla and his son William.

Oh, God I see...I see Perry Stone, Kenneth and Gloria Copeland, Mark Zuckerberg, Greg Abbott, a Julia Moorehouse. Lord, there's Kamala Harris, Nancy Pelosi, Tom Hanks, Bill Gates and Melanie Gates. There's so many Jesus. There are so many people. When all the goblets are drained, all eyes turned toward the man sitting upon the throne. "Behold, your king! Your god!" The pope yells out. The man on the throne slowly removes the goat's head. It is the man I know as antichrist. Now it's gone.

Now I see a swirling and blurring of red and white together where the throne scene had once been. The swirling slowly dissipates and reveals a calendar displaying a white page marked November in black writing. I see on this calendar a bright red X marked on the day of the 15th.

"Jesus, is the 15th for me or for those in this vision? Where are they?" "Egypt little daughter. This shall happen shortly during the now running COP27 meetings and it is the 15th for Egypt and the 15th for your time little daughter." Now it's gone! Now it's gone! Now it's all totally gone and I'm shaking in the inside by what I just witnessed! "Do I share Jesus, or do I keep this to myself?" "I didn't reveal it to you for you to remain silent. Sound the alarm dear little one!" "Okay, Jesus with your help I will!"

The AC will come on the scene, the antichrist. The AC was crowned in a secret ceremony where they never showed his face. Even to all the attendees, the devotees, the luciferians because it wasn't the time to reveal. But they had the ceremony and it really went on. There was a prophecy by a lady prophet...um I forget her name and I don't mean to diminish, but she actually saw it. Then I reached out to people that I know and I said, "Did that really happen?" And the answer was, "Absolutely it happened."

The only safe place is going to be with Jesus. And I'm talking about people with a personal relationship and not an intellectual head knowledge...but Jesus. But there's no talk of Him. Yet we're talking about the antichrist, the world leader..prince Charles now King Charles is talking about the man.

By the way in COP27 in Egypt they coronated the antichrist behind the scene and only the ultimate elite watched it happen.

PARIS (AP) — French President Emmanuel Macron is back at the center of global diplomacy, seeking to ease relations with President Donald Trump, championing a Ukraine peace plan alongside his British counterpart, and seeing his longstanding desire to boost European defense turning into reality.

Six months ago, Macron seemed weaker than ever after his call for early legislative elections produced a hung parliament, sparking an unprecedented crisis. Known for his nonstop political activism, Macron shifted his focus to foreign policy, leaving domestic struggles largely to the prime minister.

Macron warns Trump to 'be careful' on Ukraine, fact-checks him at the White House

Macron fact-checks Trump on Ukraine him at the White House French President Emmanuel Macron used his visit to the U.S. to publicly push back on President Donald Trump's repeated attacks on Ukraine.

LONDON — French President Emmanuel Macron used his visit to the U.S. to publicly push back on President Donald Trump's repeated attacks on Ukraine, fact-checking his American counterpart in real-time and urging caution in talks with Russian President Vladimir Putin.

During their joint Oval Office appearance on Monday, Macron interrupted Trump when the latter said that Europe was being paid back 60% of the aid it contributed to Kyiv over the last three years.

Touching Trump's arm to interject, Macron said, "No, in fact, to be frank, we paid. We paid 60% of the total effort: it was through, like the U.S., loans, guarantees, grants," Macron said. "And we provided real money, to be clear."

After Macron's comments, Trump smiled and replied, "If you believe that, it's okay with me."

Today, Mrs Merkel was seen to make the gesture again at a table opposite British Prime Minister Theresa May, as the talks continued.

French retired Colonel Peer De Jong said that "the French have been present in Ukraine for a long time"

PARIS, June 3, /TASS/. French President Emmanuel Macron may announce the deployment of French military instructors to Ukraine on June 6, the **RFI** radio station said.

According to the radio station, the French leader may do this during the commemorative events on the 80th anniversary of the Normandy Landings.

French retired Colonel Peer De Jong, co-founder of the Thémis Institute dealing with security problems, said in an interview with the *Valeurs Actuelles* weekly that "the French have been present in Ukraine for a long time." In his words, the whole thing is only about increasing the number of instructors.

He said earlier that he could hardly imagine a situation when Kiev wins a victory.

Le Monde reported on Thursday that Macron is evidently seeking to form a EU coalition to send instructors to Ukraine. This issue was raised during his visit to Germany on May 26-28, in particular during talks with Chancellor Olaf Scholz. Although Germany is still very cautious in its approaches to the issue of sending its troops to Ukraine, some other countries, for instance the Baltic republics, are ready to join the so-called coalition.

Today on [#BecomingBrigitte](#) the LIVE chat went crazy when we dropped these photos:

On the left: Jean-Michel Trogneux's son, named Jean-Jacques.

On the right: Emmanuelle Macron, President of France.

These two individuals are not supposed to be related in any way.

Jean-Michel Trogneux is "supposed" to be Brigitte's extraordinarily private brother. (Note: we believe he is actually who Brigitte Macron was before the "transition", so this would be Brigitte's son, not her brother's.

How could Brigitte's son (or nephew if you refuse to believe the transition happened) look so much like her future husband, the President of France, who "she" has no children with?
