

[Are You an Accuser of the Brethren Word 12-20-22@ 6:34pm \(Uploaded 12-21-22\)](#)

Satan rides on the air in the form of a missile.

Judgment time!

Day of Reckoning for you O' Babylon, O' America! It has come!

Satan rides on the missile of war!

(Jesus paused momentarily then began again)

My children are so busy accusing and pointing fingers that they do not pray and seek for their answers from me. The 7th of December has come and gone little children and as I commanded things occurred before the time given had expired. But do you seek me for truth? Do you ask my Spirit to lead you to the truth of all that did occur? And I say, children it did occur!

Have not I told you...warned you repeatedly the obvious answer is not always the correct one. Seek these things out. Search them out. You have means far surpassing any other of a time such as yours. Seek me, then search these things out for I did not lie. I cannot lie! But you have failed to seek me for the answers that are so obvious you overlook them because you had your own assumptions of what should happen.

I'm God! My ways are so much higher. Look beyond the obvious and quit sinning with your mouth bringing railing accusations and false statements against my true servants declaring my words, my dreams, my visions.

If you don't repent, then you will be unprepared with spotted garments, and I am on my way. Children hear me! You don't have time to fight and accuse one another. You know mine. My true ones by my Spirit...My Holy Spirit.

Do not be deceived!

While you are cutting down your brother, your sister in me because of your failure to earnestly seek me about all these things, my body is being divided and souls are suffering the cost!!! While you point your finger at one another, another soul slips off into hell!!!

Be careful children. Be careful, for Satan is the accuser of the brethren and this is what many have now become. The accuser of your own brothers and sisters in me. Why children? Why? You are being used by Satan. Why allow this?

Get on your face and earnestly seek me and I will reveal to you each in the way that best for your understanding the truth for I, Jesus am Truth! The Way, the Truth and the Life. I am your head. Your High Priest and I love you!

Tell me why speak hastily and in hate one toward another without seeking a matter first? This is vain and vanity. Repent my children for you have not long here in Babylon...in America! Satan rides through the air in the form of missiles and you are the target!

Do the research children if you really want to know my truth. Some of my children are doing this but most are not. It grieves me! It grieves me in my heart to see my children be so cruel to one another in my body...my bride!

Search out the matter at hand! Search out my given days. There's more to me...more layers so the obvious is not the answer in these given dates but the truth is available for all who chooses to seek me about it.

I speak this warning now! Touch not my anointed and do my prophets no harm. My anointed are those who love Me, Jesus...who have accepted me as their Savior. How can you judge properly one another's fruit when you don't seek me for the truth or if you don't have access to one another's lives to see their fruits?

I left you the example of David and King Saul on how you should be careful about coming against someone once anointed because their lives have been touched by me and then those still living for me.

Many are living on dangerous ground. Get your head right. Did I ever tear my brethren down by ill-gotten words? Did I not even with the Pharisee and Sadducees of my time not bring continual railing accusations against them? I called them out by my holy standards calling them hypocrites, whitewashed tombs and open sepulchers of their father satan. But I knew truly they were of satan in heart. Do you know 100% that the people you are accusing are 100% of satan? If not, you are bringing judgment upon yourselves.

Repent so that when I come you can go with me! Pull the mote out of your own eye before you reach for another. Repent, I say repent! I love you but if you don't line yourselves up according to my righteous holy ways then you are living in the ways of satan the enemy!

I say again, when you seek my face earnestly and ask for your eyes to be spiritually opened to my truth, pure truth, then they will be so. Not all warnings are for everyone, my children, but the day of December 7th by this daughter of mine and by others did so occur and it's your nation's

undoing. It is the last straw to bring Babylon falling down in one way, while the missiles bring it down further in a total other way of destruction and devastation.

If a person has ever once truly called me Lord and Savior be very careful in your doings with them, for your sins against them will be your cause of my righteous judgment against your own selves.

I'M COMING! I'M ON MY WAY! PREPARE YOURSELVES FOR MY RETURN, FOR IT IS HERE! IT'S HERE CHILDREN! IT'S HERE!

The information on the video given answering the question people asked on why I pray some things. This is being included because of the scripture references.

When I pray using everlasting chains I stand on Jude 1:6, Matthew 18:18, Philippians 2:9-11, John 14:12 and John 10:30.

When I pray and refer to gin...It is a snare..a trap. A word used here in the south. And for those who realize our KJV bibles are having words changed, gin has now been removed from it as well.
