

1/24/21@9:01AM Dream of Covid-19 Vaccine

I awoke at 8:36AM from laying down again with a startling dream. I had been at some type of school, not really a teacher, but possibly an aid or office worker for I was handling boxes of office supplies and going through them. They were loading up the students to take them on a "field trip." All with their covid-19 masks in place. There among them appeared to be one student that stood out, apart, and the others all appeared to be in their pre teen to teen years of age and the majority about 14-15 years.

This one student was a girl with short brown hair, beautiful but plain. She was dressed in blue jeans and a plaid cotton button up shirt with short sleeves that came almost to the top of her shoulders but not sleeveless. It had a background of white with wide dark navy stripes about ½ inch wide running in wide paths both vertically and horizontally with the vertical being accompanied by matching ½ inch stripes of dark red or burgundy, offset to the navy stripes to about ¼ of an inch to where the stripes overlapped. The buttons on the shirt were white also.

This girl was different. Though handicapped in the eyes of man, she was beautiful somehow to me, but she was blind...completely blind but her eyes appeared normal. Normal blue, dark blue eyes but she was also partially deaf in one ear where hearing became difficult at times for her to hear. Yet this child was brilliant, highly intelligent, able to solve calculations without a second thought. How I know this, I do not know but I knew it, but because of her intelligence, more so than her handicaps she was sometimes ostracized by the other students. So this young child, this young girl had bonded with me for I had become to her somehow...her friend, her protector.

While I was putting up the supplies and going through them for some reason she was with me. They came into the room, some of the prep school officials and said it was time for her to be loaded with the other students for their "field trip!" Tell me why would you need a lady, blonde in hair color, who I know is the Headmistress, aka the principal to come herself after a student? Why not send a teacher? Plus a woman in a business suit, dark blue in color...suit jacket...skirt...white shirt beneath and lower heeled black-brown shoes with her brown hair pulled back in a bun at the nape of her neck. In addition she had black rimmed glasses with a clipboard, accompanied by a black man also dressed in business clothes. Not a suit but dress slacks and a pull over shirt with some type of round insignia over the heart and a patch on the right sleeve I believe, all be needed to take kids to a "field trip?"

Where are the teachers who usually gather them together? The other thing I noticed, they were not wearing their covid-19 approved masks and neither were I and the girl and I believe her name is Emily. The girl refused to go and became hysterical and reacted violently and I could hear the brown headed lady in the business suit said, "We must have her," to the black man! "We must take every student!!!" So I reached over to Emily and began soothing her!

I asked, "Why are you forcing her to go when you see it's making her hysterical?" The man answered, "It's mandatory ma'am due to covid lockdown guidelines. The children must be taken

out in an allotted period of time for the health of their minds!" "It's not healthy to put a child in hysterics," I said! She does not want to go!"

"She has to ma'am, it's the LAW!" "What law," I asked? "The law of the land!" Then they reached for Emily who sensed they were coming, for she always knew when people came and went even though she was totally blind and she reacted violently to where no one could get close to her!!! Then Emily hid behind me! "You'll have to go with us ma'am for every student must be taken on the "field day" that's allotted to them. You will be going ma'am" and I knew at this moment it would do no good to resist, so I put my arm around Emily's shoulder and I said, "Emily, we are going to have to go with them!" She clutched me in terror! I said, "Emily, you know God will take care of us, and I, Lord willing, will be right here with you," and as soon as I said these words out loud, for I did not whisper, nor was I ashamed to speak of my wonderful Jesus out loud, but she calmed down and became docile as long as they did not separate us!

The lady in the business suit made some kind of notation on her clipboard and then began talking into a black batman walkie talkie. Where it came from I have no idea! It just appeared in her hand where she spoke in hushed tones then I, and Emily were taken...more like rushed outside for apparently this has caused a delay in the start of our field trip and she was not pleased!!!

I saw 4 buses loaded with students with teachers in the front seat and the teachers were very subdued, while the students were chattering in excitement at the prospect of going out because apparently they have been allowed to go out with this "lockdown" very little! As we headed for the buses, all of a sudden we were made to veer to the left and we were made to get into a black shiny car and when I looked at it, I think it's a town car or maybe a Lexus for these are the words that come to my mind when I look at it!

We are ushered into the back seat along with the woman in the business suit still holding her clipboard but her batman walkie talkie has disappeared but the black man now had with a black attache case when he got into the front seat of the passenger's side of the car side and there was a white man with brown hair similarly dressed as the black man behind the wheel and he had a solid gold wedding band upon his left hand but he also had on a hat that somehow designated him as the driver.

So we pull out and this is when I notice there are several more black shiny cars. One pulls out in front of us, so we are the second in line then the 4 buses, then one more black Lexus, yet different than the others. I know somehow it is a Hybrid but what that means I am not sure. Then we pull out onto the interstate and began traveling. The whole time I am praying in fervent prayer within my heart and mind for this is terribly wrong and if You don't interfere, Jesus, I feel something bad is about to happen!!!

Next scene

Emily and I have been placed into a motel room, small in size and sparsely furnished. We are told to wait inside and they will come and get us when it's our time to participate in the "field trip," and then we are locked inside. No phone! No TV. We sat huddled together on the dirty bed and I prayed. I prayed fervently in tongues, calling on my Jesus for protection, for wisdom and guidance and mostly for protection of Emily for I knew she had been placed with me for some higher reason!

They came for us, the black man and the brown haired woman with her clipboard but not alone for there were about 3 other men with them! We were escorted to a medical facility with doctors and nurses bustling about. They took our fingerprints and medical history for it pulled up immediately for I had to give both my and Emily's social security numbers for she has refused to speak except in my presence alone!

We were taken to a sterile room with a younger friendly nurse who was preparing a hypodermic needle while chattering excessively. I asked her what was in the needle? "Why were we here and what kind of "field trip" is it?" "A fun one," she answered cheerfully then she said, "the needle was full of vitamins known to fight SARS virus known now as the Covid-19 virus and it is to be given to every citizen of THE UNITED STATES OF AMERICA. It was mandatory!" Then as I started to protest, she somehow managed to give me the shot in my left arm and she cheerfully shouted, "Congratulations!" I said, "For what?" She said, "For receiving your first shot, 1 of 2 for the Covid-19 virus vaccine!"

I looked at her in horror as she made a notation in her computer stating I had complied and received my 1st treatment! I looked at her and said, "I did not want that shot in my body!!! Do I not have a right to refuse it as a citizen of the U.S.?" Her cheery disposition fell away and she asked, "Are you refusing to take your 2nd inoculation to help prevent the spread of this SARS Coronavirus known as covid-19, one variant of this ever mutating virus?" I said, "Yes, It is my God given right as a Christian and as a citizen! My body is the temple of the Holy Ghost! It belongs to Jesus, not man!"

Then she looked at me. Her face filled with compassion, something I did not expect to see upon her face. Then she reached inside of her nurses uniform for she was wearing the old timey white dress with the little white hat and from within her hand was a cross hanging from a delicate silver chain, but not just any silver cross but an intricately carved little silver cross like the one I had worn for almost a year until I gave it to my dear friend to hold safely for me until a later time. I knew here before me was my fellow sister in Christ and my Jesus stepping in for me and Emily!

She looked at me and said, "I'm sorry but if I had not of given you the first injection, you would not have been permitted to leave but sent to another location, held until you choose to accept this vaccine, one of many being offered!" "What about Emily?" "You must protect her child, for in her mind hides the hidden secrets from God on how to help lead our nation to true recovery! You, though, shall lead them to salvation!" "She will help lead us to recovery? What about her shot, "I asked? "Are they not somehow coded?" "Yes, they are implanted with a robotic

technology, similar even to, and some forms of nano technology. Biometrics are included!!!”
“Then how do we have her “vaccinated” so we can leave and not have her receive it?” “That’s simple Child, (And yes, she called me Child, and I feel like this was my Jesus or an angel standing before me within her body) I simply stumble and drop this vial and then I will have to load another dose. They are looking for a specific number they have “id” her vaccine with so that they can trace her location.”`

“What about me? Can’t they trace me if I have been injected?” “Yes, Child, they would, but I did not inject you with the actual vaccine but I did have to test your reaction to see if you would react as I was told by Father that you would!” “What did you inject me with then?” “The vitamins Child, that are known to help fight this man made virus.” “But the tracker, what about it?” “I have injected it within my own body, Child!” “But won’t they discover that you have done this?” “Yes, Child, yes, but it will not matter for my position is to aid you to escape when you proved yourself true!!! I do not fear what man can do unto me only God who can damn my soul to a Christless hell!” “I always say this!!!!” “Yes, as so do I!” “So what do we do now?” “You run Child! You run as far and as fast as you can! Let Holy Spirit lead you to safety! RUN, RUN, RUN!!!!

Next scene

Emily and I are running, her hand clutched in mine across black asphalt pavement. How we got here I do not know but I came away also knowing that in the vaccine was sterilization for some ...not all, but population control for man himself has been proven true to be unable to abstain from the lusts of the flesh without the presence of Jesus within our lives! We make it inside of an abandoned warehouse. I know it is because of a broken window I see and the dilapidated settings around it. Yet somehow laying on a box of stacked crates is a black cell phone that someone apparently left and it was turned off! I prayed and asked God in Jesus name to please let it work, for it to be left here was a miracle within itself. IT WORKED!!!

I felt led to call one of my sisters and she said she would pick us up! Next scene Emily and I are in some kind of office building waiting for my sister to come pick us up. I feel the urge to leave so Emily and I walked down to the store below beneath the cover of the green trees! We get down to the store and there sits my sister. The front end of her car on the passenger side was smashed in as well as the backside of the driver side. She looked up, not the least bit upset, and said, “I’ve been in a slight accident but I’ve called my fiance and he’s on his way. It looked like someone had deliberately struck her on the front and the back of her car, possibly trying to prevent her from coming!

Within minutes her fiance appeared...looked at my sister’s car...winked at Emily and me and said, “It will run!!!” We got in and sure enough, her destroyed car purred to life and carried us to safety! Then I heard God’s voice from the Heaven’s saying,”Things to come, Child, things to come! Did I not say the cure would be worse than the actual virus? Yes, Child, many times! Do not Child, get their man made cures for I am the only true cure for what ails man both the body and soul! What lies within will destroy your bodies for they have yet to understand the full

weaponry installed within the little virus, this biological weapon, for this is exactly what it is Child, but just one of many!!! One of such “things to come!” Then I awoke!!!!
