

Judgment's Hand Still Falls 10-15-23 @7:22pm

I had been praying off and on through the day and I was hearing Judgment's hand falls. And then He, Father God called me to him at 7:22 p.m.

I will talk with you daughter. Here I am for whatever you need, oh God.

Judgment's hand has fallen heavy across your world and nation. War has broken out in my beloved nation Israel. Where are those who once were called a friend to Israel? Judgment's hand has fallen. It has fallen heavy, yet it shall still fall some more. For mankind the inhabitants of this world and Earth stubbornly refuse to return from their wicked evil ways, loving the ways of the flesh more than me, their holy God and Creator.

It is out of my great love for each soul I have created that your world still stands today but not for much longer. I shall cause this world to be melted with fervent heat and I shall purge this world, this planet of all sins traces and residue.

Come repent, I say with true sorrowful hearts acknowledging your sins and trespasses against yourself, your brethren as well as me. Can't you see how judgment falls as storm upon storm increases. Each with their intensity amplified with the effects causing calamity, destruction and desolation. In the wake of all these things each shall contribute in causing the famine worldwide to increase, because the weather patterns have become so unpredictable. Why? Because I control the weather, the elements, the seasons and skies. They answer to my command as their Creator.

Man thinks he's in control because I allow from time to time his devices, machines and weapons created by their hands and your enemy, the kingdom of darkness to perform my will.... up to a point. Then I will take control and burn its course as judgment's hands fulfill my will. So, all can be given one more chance for some. More opportunities for others to repent of their sins, change their lifestyles by accepting my Son Jesus Christ into their hearts.

The time clock of Heaven is no more. As this world finishes its last leg of the called forth time to bring the healing of creation and the salvation of mankind

and the savable inhabitants of your world, off your world and within it. Little daughter pestilence and plagues are erupting being manufactured one right after another to fulfill my prophetic scriptures of Truth, the Word of God...My word. Known and new shall break forth, even as the plagues of Egypt return.

Such woe and misery for those who do not repent. Get your hearts right. I see inside your hearts. Many are still hiding and harboring sin in them. Do you still not realize that death is knocking at the door of so many including children of my own I'm taking home to be with me?

Are your hearts prepared for what is to come? I am sending my Son. He's not delayed or even late but exactly right on time. But before He comes for His bride, tell me. If my Son's return is later than you pray or hope it is and you're waiting on him without drawing closer to him and me, will you be able to withstand the horrors of the man-made lab created illnesses I have allowed to be created by evil, wicked people? Most are not.

I am also about to shake this world, moving landmarks and Islands out of place. Mountains shall move! Mountains shall fall! Land shall split! Are you ready? Tornadoes and tempestuous storms are still on their way, as the three days of darkness starts to begin its final descent upon your world.

The rent in your atmosphere by the CERN type machines and devices has only gotten larger. The rainbow colors are about to make their appearance worldwide. Just as I have spoken. Just as I have warned you daughter, that I shall use man's technology and equipment, their computers and evil schemes to bring about the judgments I have called forth by my command.

My Son Jesus does my bidding. He has seen to it that all shall go as I have commanded. I am God. It can be no other way. My word shall always accomplish all that I say or please for it to do. Little daughter it's a Revelation 12 moment in time and most my children have not any true understanding of what these scriptures refer to. I tell you now chapter 11, chapter 12, chapter 13 and chapter 14 in its beginning are interwoven together in ways men or inhabitants do not understand. It's not as most intellectual minds of your world thinks it is. Why? Because instead of earnestly seeking me for the truth

and divine revelation they have sought among other great minds of your world's suggestions and teaching teachings.

All who earnestly seek me in my Son Jesus Christ name shall find me and my Holy Spirit shall lead each to the truth of my word. My word, not man's, not nephlim, not Fallen Angels or even my Holy Angel. This is why so many of my children still are not ready. They listen to every man-made doctrine, every prophecy, every dream and such like things. But never open my holy word to find the truth. Nor do they seek me without an already preconceived made up mind, leaving them unteachable and then so thereafter deceived.

Hear me little daughter, your days of warning are almost over. Those who have ears to hear, hear me now. For soon the mouths of my people sounding the warnings as a whole shall cease to be heard. This is because I send my Son in just a mere moment in time for those who are pure and holy through my Son's sacrifice.

Little daughter, the enemy has come in disguise from every direction in your life. It's time for the enemy to be made to flee. (Hallelujah!) This goes for all my true children. (Hallelujah!) Little daughter after a series of other dreams to share quickly you shall turn your face toward my beloved Israel fully.

It's time to fulfill your calling just as it's time for my 144,000 to arise and walk in their calling as Warriors of light led by my Son Jesus and accompanied by a host of Heaven's Angels. But until then judgment's hand hits harder. Hold on to me little daughter and to my Son's nail-pierced hands. Things are about to get very, very bad and very dark as woes and calamities fall from my Heavens. Now go my daughter, go and warn the people once again before time runs completely out. I will Daddy God. With Jesus help I will
