

### **3 Moons & The Destroyer Dream 12-31-24 to 1-2-25**

I dreamed again my lovely Jesus Christ. I prayed and discerned this but wasn't sure if I would be journaling it. I've prayed off and on about this and now I heard You say, "Daughter write it down." "Yes daughter, please do." "I will with Your help and that of the Sweet Holy Spirit's."

I once again found I was looking up into the night sky. I had the understanding that this sky's view I'm looking at here is in my part of the country I live in which is America. There in the sky again are three moons. "Lord Jesus Christ, what is it about these three moons I have been seeing since January 2024?" I asked but no answer came at the moment.

I continue to look at the three moons in the sky. I looked around and wondered, "What am I to do? Do I walk? Do I continue to look at the three moons in the sky?" Upon closer observation I noticed two of the three moons have an appearance again as if they're fading while the one in the middle is still fully lit. More like very bright to my eyes.

Two of the moons on the left of the three moons I am seeing suddenly vanished leaving the one. "I know what this means my lovely Jesus Christ so may I ask why am I seeing this now?" I heard my lovely Jesus Christ voice say from the sky above. "Watch daughter and learn the answers to many of the questions you have been seeking about these three moons and the events that are to follow." "I will my love," I replied and focused my attention expectantly.

I can see the remaining moon still in the partially dark sky although there is a transparency to it now. It's seeable but not really is all I can say to describe what I'm seeing. It appears to be round in its shape also like the other two. Suddenly the moon begins moving a little higher in its position. "It's reached its peak!" I exclaimed.

Suddenly from the shadows of the approaching darkness I saw four shadowy figures appear each dressed in dark long black robes. One is carrying a scythe, two are carrying swords, and the other has both in its hands. They stopped right above the moon suspended in the sky. "Finally," the one with the single scythe cried out in a voice of triumph that made me shudder.

Then I begin hearing once again the same man's voice singing harshly almost with cruelty the Star-Spangled banner. He is singing this line, "And the rockets red glare, the bombs bursting in air." (This singing man is from the 3 Moons & 3 Moons Dream 9-12-24@6:21 PM.) As he kept singing this one line over and over I exclaimed. "Rockets! Fireworks! Fireworks have rockets and are smaller sized explosions.... New Year's Eve celebration!"

The four destroying Angels begin laughing. The one with both the scythe and the sword said boldly. "Now we can slay this world's people and its inhabitants. Long we have waited. Our time

is now." Suddenly the man quit singing and the four destroyers called the destroyer not singular when I talked with Jesus Christ suddenly took off flying in different directions laughing wickedly as they did.

Then I heard another voice different from my lovely Jesus Christ say these words. "In the book of Jeremiah written in the Scripture of Truth, the Holy Word of God these words are found in chapter 12 and verse 12. The spoilers are come upon all high places through the wilderness. For the sword of the Lord shall devour from one end of the land even to the other end of the land, no flesh shall have peace. I have spoken them to you in the version you are familiar with.

Then it became very quiet. I'm looking up with my mouth opened in shock at all that has occurred. Understanding finally came. The destroyer had to be released and arrive upon our world and their designated locations before any deaths of large massive numbers like in Pharaoh's day or when David counted the children of Israel and the destroyer was sent out. These are mass numbers of deaths that occur at one time like with nuclear war coming. I sank to my knees and began crying.

I heard my lovely Jesus Christ once again speak to me from the sky, the Heavens above.

"Daughter of Mine no longer weep for this world. Many of My children, including you, have sounded the warnings given to them. But daughter of Mine many of My children want to hear these warnings but never search the truth or hidden meaning within as each is called to do."

"You have come to Me earnestly seeking to know these things and although it has been given to you at times piece by piece you faithfully continue your search through prayer, through fasting, through studying these things inside My Word and outside with the technology now available to My children and the inhabitants of the Earth. Through trials, back sets, and enemy attacks you kept trusting Me as My children are called to do and daughter there are some of Mine who do. You are not the only one. Perseverance and determination with faith in Me shall bring you to where you need to be." (Hallelujah!)

"I understand," I replied then continued. " I thank You for every time You've answered my questions. Or when You've looked inside my heart seeing what I cannot speak in words. I know Jesus Christ my love, I cannot do these things, anything without Your help. I can't even breathe. I'm totally dependent on You for everything," I finished. "As you should be," came His reply from the Heavens.

"Now daughter you're three moons till darkness.... the destroyer has arrived. The rockets red glare, the bombs bursting in the air although describes war, does it not also describe a fireworks display that uses rockets and mini explosions that flare in the sky like colorful lights? These two things arrived on your world last night. Now it all begins. All is in place and the end result of this

lineup of things to come is My return for My children, My bride who are truly ready for My return.

"You are now living in a year that's still a year. The remains of a year inside of a year. Tell My children to seek My truth in all things and I'm on My way. Those with their holy invitation sent out by the angel Gabriel's official announcement of Our marriage supper are those that I come for who are dressed in spotless white. Tell them daughter, tell them." "I will Jesus Christ my love, I will with Your help for without You I can do nothing." Then I awoke for the second time with the same dream.
