

The Narrative Dream 5-19-25 to 5-21-25 Shared 5-23-25

I went into this dream each time, each night, hearing these words, “This shall be the narrative that’s given to your world.” I found myself sitting at a white table, a fold out one that’s lightweight and portable. I’m sitting in a plain brown metal chair. I am myself in this dream, wearing blue jeans, solid white tennis shoes, and a solid white shirt. The table is set up in a flat clearing with trees all around. It’s lush and green. I hear the sounds of birds singing. There’s still traces of dew on the ground; I determine we’re in the forest, but I know somehow I’m on a mountaintop. We’re on a mountaintop, would be more correctly said as the voice began speaking again. My heartbeat sped up at the sound of the voice...His voice, I recognize so much. I turned to my right and there sitting beside me is my Lovely Jesus Christ. A huge smile broke out upon my face as joy filled my heart. Oh how I love you, Jesus Christ, I said in my thoughts. He stopped speaking as He reached out with His left hand and gently clasped my hand. Then He said in a voice filled with warmth and love, “Daughter of Mine, I love you, too,” and He smiled warmly at me. All I could do was smile as the pure joy of being in His presence once again washed over me, physically and spiritually. He gave me a slight nod of His head and then began speaking to me again.

“Daughter, here is what the world’s narrative is about to be with your nation of Babylon’s NASA leading the forefront of misinformation, meaning the information will be controlled while released, manipulating what the earth’s inhabitants see and hear. This has already begun for many things in your world already. They will issue forth truth, but with deception. “They do this already my Love,” I said to Him. “Yes Daughter, they do. But I shall have a few of the saved and the unsaved who shall still be able at times to get the truth out before all other voices become silent. Such as in they begin having internet issues, programs wiped clean of its contents or inaccessible, live streams will be interrupted or cut short in attempts to hide or snuff out, as your world’s people say sometimes in your nation, to keep the information from breaking forth. Many will have their funding and financial institutes accessed and manipulated by the very governments set in place to be servants to the people, and so much more. All in attempts to keep the public on track with their narrative that’s been given to these governments and agencies from Antichrist, the Lawless One, the Man of Sin,” He finished saying to me. “Jesus Christ my Love, what narrative? I know it involves space if NASA is involved.” “You are correct, Daughter,” He answered back.

“The enemy has been watching closely My true children for any sign of when the 3 Days of Darkness will descend. They have no other way to get the time of it, except through My true children. Neither do they know how long mercy’s extended hand was allowed. With the warnings I’m sending My children of there being no other 4th of July celebration in freedom for your nation of America, which is Babylon to Me, they’re now assuming it’s around this time. They have begun unifying a world narrative of a soon coming blackout from the Sun’s solar activity that shall cause the grids to go down across the world. If you have kept watch, they have not been reporting all the solar activities publicly. It’s those not affiliated with these types of institutes, agencies, and governments that have been informing the public about unexplained occurrences and solar storms that show no evidence it was coming. The governments of this world and their agencies and institutes, including your so-called “news” agencies, shall begin

sounding the alarm of the grid going down to cover the approaching 3 Days of Darkness happening.” “Why would they want to do that?” I asked Him earnestly.

He looked me directly in the eyes, His blue eyes ablaze with the flames of truth, holiness, and righteousness as He spoke these words, “The enemy, the kingdom of darkness, is preparing the public’s population to not fear the darkness, so that when the Sun begins going down quickly, at Israel’s Noontime, no one will be alarmed. This will mean, instead of hiding inside or taking cover, many will linger until the darkness fully falls. Only then will they realize this is no ordinary darkness. It will be too late, for these people, inhabitants of your world. As the demons, fallen ones, nephilim, begin crossing into the physical realm from the spiritual one, these outside (those left outside) shall be slaughtered, torn to pieces, victims of deliberate manipulation of the truth. This is a requirement from Lucifer’s kingdom, the kingdom of darkness for these cooperating nations and some of their rulers to remain in power, as the physical and spiritual realms merge into one and it’s the kingdom of darkness’s appointed time to rule, but only for a short span of 7 years. Those who will be caught outside are the sacrificial offerings that are being given to be slaughtered by the kingdom of darkness to maintain their status and position of rulers and counties,” He finished with sadness, but also holy anger in His eyes. I gasped out loud and then blurted out, “They’re using this time of given mercy to arrange a worldwide sacrifice to Lucifer’s kingdom when the 3 Days of Darkness falls? Jesus Christ my Love, please stop this!” I exclaimed.

He looked out into the tall standing trees for a moment, then turned back to face me. “Daughter of Mine,” He said fiercely, “I AM sending warning to all who will choose to listen. Most of the world’s inhabitants do not want to hear or know the truth. When the truth is revealed, your world’s governments try to squash it with staged illustrations, teachings, technology, and suggestive narratives laced with witchcraft spells and such like, as they send out demons to try to keep all they can deceived and under their spell of delusion and deception. This world is covered in darkness already, but I Am Light. I pierce the darkness. I Am Truth. I can pierce and bring down the lies and deception of it all, but you have to want to know the truth. It only has to be a tiny part of a person desiring to know the truth for it to start being revealed to them. Then they have the choice to either receive it or reject it, just like they have the choice to receive or reject My gift of salvation,” my Lovely Jesus said to me. “You’re right, my Love,” I replied, “Salvation is a choice to believe or to not believe is our choice. I have seen the enemy try to hide the truth through newscasts, computer apps, and their favorite is “the fact-checking” like Snopes. I have learned immediately when searching something out from the internet and there appears in the search engine results of fact checker sites, one right after the other, saying the information was incorrect, there’s usually truth they’re trying to hide. Especially when CNN, Reuters, and other big so-called “respectable” news agencies step in. I ran into this when sweet Holy Ghost Spirit was leading me to research Macron, the Antichrist’s so-called “wife” that was denying she’s really a man when the proof, which is the truth, shows otherwise. I thanked Holy Spirit for helping me,” I finished. Jesus Christ smiled at me, then said, “He is the Spirit of Truth. You can always depend on Him to lead you to it.”

Then my Lovely Jesus Christ looked at me in great seriousness as He spoke. “The Darkness comes soon, Daughter. Justice requirements for mercy have been met. My children, those ready in Me, are crying out for Me to come. This last mercy granted is to My waiting children, so that

when mercy granted for those with unsaved lost loved ones and friends could be reached is expired, being the period of “3” I spoke to you privately about, has expired, then the 10 hidden suitcase nukes begin detonating, Daughter, followed by the 3 Days of Darkness. This ensures Babylon’s inability to recover from her wounds given to her from those inside of her walls, her very own walls. This given period of “3” is different than the period, the time of 3 between My Triumphant Return and the start of My Great Day of Wrath. This designated period of 3 is for repentance of those who have found themselves left behind and entering the Tribulation of 7 years. You are aware of this, Daughter, as I have spoken and mentioned for you to share this period of 3 as My Great Day begins, which is the end of My return. My time is not like man’s. My Day covers many of yours. Therein is where man so often gets confused and frustrated. They demand I go by their days, their calendars, when none of them are correct. I Am Truth. I deal in Truth, not lies and deception. Daughter, when My Father spoke and night and day was created, it came from light being separated from the darkness. When I moved and created the Sun and Moon by Father’s command, I set the Sun at its highest point and the Moon full and round at its brightest, so there these lights could be seen by all of creation. This is how the start of it all began when I created the earth by My Father’s command. The brilliance of the Sun outshines the Moon’s light, who gives her glory at night. Though overpowered by the Sun’s bright light, the Moon is still physically present, at times, in the time of Noon. Yet man would prefer to listen to the fallen ones, who give their narrative to the world of how My world is created, telling all how it spins when it’s stable and held on pillars that Father holds steady by His command.”

“You can see, Daughter, how the narratives are sent forth upon your world to deceive its people and to cast doubt upon My Written Word and belief in My Father and Me. Daughter, what most don’t realize is the last narrative that will be played out will cost many people their lives, even some of My own, who in frustration of the delay of the 3 Days of Darkness, will embrace the coming darkness as being due to solar storms and activities, causing the grids to go down with the various blackouts. Some you have already witnessed upon your world of real occurrences, while others coming will, in part, be staged by those ruling your world in the shadows.” He reached over again and gently grabbed my wrist as if in urgency. With eyes full of love and compassion, He asked, “Will you warn My people, Daughter, once again of this evil narrative of lies and deception? Warn them of all I have shared with you, and those who will listen, will listen. Those who will not, many of them will die before the 3 Days of Darkness descends. For many of these it will be by their own choice for ignoring the warnings I have been sending out by not praying and asking for My Truth or truly searching these things out in My Holy Word. In addition, simply because I Am God, God’s Son, so there’s nothing impossible for Me to do when I bring judgment. Even the return of the 3 Days of Darkness in Pharaoh’s day. Tell them, Daughter. Warn them,” He said passionately. “I will, Jesus Christ, my Love. I will, but with Your help. I can’t do any of these things alone,” I said almost in tears. “You don’t have to do them alone. I shall be with you all the way.” And then I awoke.
